

City Seeks Federal Aid For Study On Pollution

Surplus Of \$30,000 Expected From Master Sewer, Drainage Grant

Use of surplus-funds from a \$120,000 federal grant for master sewer and drainage plans to conduct engineering surveys for river pollution abatement will be sought, it was learned over the weekend from Mayor Davis.

With the master sewer and drainage survey nearing completion, it was noted by members of the Citizens' Committee that a balance of approximately \$30,000 of the federal grant will be available. It is hoped the Federal Housing and Home Finance Agency will permit the funds to be used for the pollution abatement program which the city must undertake on order of the State Water Board.

Mayor Davis said the Citizens' Committee recommendation is to be presented to the city council at its next meeting, or at a special session, if necessary.

The decision to seek the use of federal funds for a detailed pollution study was made last Thursday afternoon during a meeting of Mayor Davis and G. W. Hoelcher, chairman of the citizens' group, with Edward Lunsford, engineer for the firm of Sheppard, Morgan & Schwaab, that is conducting the master sewer and drainage survey.

City Wants Joint Program

After the sewer survey was started, city council members called for a study of pollution abatement by the Citizens' Committee, since master sewers and a sewage disposal plant would be closely connected. A pollution survey has been ordered by East Side Levee & Sanitary District, but in view of a separate survey undertaken by local industries, the city of Granite City has not yet committed itself to the levee board proposal.

The federal planning grant of \$120,000 for the master sewer and drainage program was approved last year for the city and the local engineering firm. Mayor Davis pointed out it would be feasible for application to be made to the Federal Housing and Home Finance Agency to use surplus funds for the proposed pollution abatement survey for the city.

Citizens Volunteer

Hoelcher said he and members of the committee would volunteer their services, if the council desired, and make a trip to the Chicago HFP office to determine if the surplus amount could be used for the proposed pollution study.

During a recent meeting with city officials and members of the Citizens' Committee, officials of the State Water Board expressed satisfaction with the city's plan to make toward ending the dumping of raw sewage in the Mississippi River. The state officials urged the city to continue working on the program, pointing out that failure to comply with the state law would result in an order being issued for the city to construct sewage treatment facilities.

The state officials agreed the master sewer and drainage and the pollution abatement programs were "tied together" and that the city would need to work on the projects simultaneously.

City, Township, County Meeting On Redistricting

A meeting with a goal to eliminate city-county voting precinct confusion is set for 7 p.m. this evening in the city council room, Mayor Davis announced over the weekend.

In addition to city officials, the meeting is to be attended by County Clerk Miss Balaala Ruiz and Granite City Township Supervisor Leonard Oram, the mayor said.

Recommendation for such a meeting was made during last week's council session by Alderman Frank Nemeth. Through the meetings it is hoped the city's 21 voting precincts and the county's 28 precincts, also within the city, can be revamped to coincide.

However, still sought is an interpretation of state law to determine if Granite City would lose one of its eight wards if redistricted. The question is whether the state law still would permit an eighth ward with an excess of 30,000 population, if a city would be entitled to an eighth ward only upon reaching 50,000 population.

When the Eighth Ward was added in 1937, the interpretation was for excess of 30,000.

State Bond Canvass Expected Next Week

It still appears likely today that both the public welfare and university bond issues were passed in the Nov. 8 election, but it may be early next week before the official canvass is complete and the outcome a certainty.

The welfare bond, authorized by the Illinois legislature, was running more than \$2,000,000 in advance of the university bond issue, which includes \$25,000,000 for construction of a new state university east of the Quad Cities.

Both had sizable majorities of the yes-no vote, but must exceed half of the total general assembly vote, estimated at 4,600,000. The welfare "yes" votes have topped 2,400,000 and the favorable university ballots numbered 2,200,000 in 8044 out of 10,015 precincts.

Undergo Surgery

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday: Thelma Smith, 1326 Rhodes street; Rena Bird, 2702 Cleveland Blvd.; Frank Lyons, 1623 Fifth street; Madison; Theodore Aufderheide, 2022 Cleveland Blvd.; and F. H. Harris, 2308 West 24th street.

11 DAYS WITHOUT QUAD-CITY TRAFFIC DEATH

During a recent meeting with city officials and members of the Citizens' Committee, officials of the State Water Board expressed satisfaction with the city's plan to make toward ending the dumping of raw sewage in the Mississippi River. The state officials urged the city to continue working on the program, pointing out that failure to comply with the state law would result in an order being issued for the city to construct sewage treatment facilities.

White Way For Madison Ave. Being Installed

116 Lights From 14th To 30th St.; To Be Completed Next Month

A new system of white way lighting along Madison avenue in Granite City is expected to be completed in time for the Christmas holidays. It was learned today from an official of R. Don Electrical Co., which has a contract with Illinois Power Co. for the installation.

The brighter lighting system, proposed by the power company, was approved by the city council last March. It included installation of 116 mercury vapor lights from 14th to 30th street. The added annual cost to the city was set at \$3627.

The new lighting system has been started, and Wesley Lomas of R. Don Electrical Co., said that depending on weather, the lights should be turned on shortly before Christmas.

The system is to include two substations and for that reason, there will be no partial operation in advance of the completion date.

Mercury Vapor Lights

The new mercury vapor lights will have a rating of 20,000 lumens as compared to 4000 to 6000 lumen ratings of the existing lights along the four-lane thoroughfare. It is expected the new lighting will be installed by the city of Madison, possibly next year.

With the new installation, 288 lamps will be changed to 4000-lumen. It also will be necessary to remove at least four trees in the residential blocks along Madison avenue.

The new lights are to be installed in six or seven blocks with longer pole arms in the residential areas where there are trees.

A delay has been encountered for installation of some additional poles, especially where easements are needed to string power lines from alleys to the poles along Madison avenue over private property.

Under the city's electric franchise with Illinois Power Co., the \$3627 annual expense for payment for operation of 58 or half of the 116 lights.

Madison Dedications Attended By Over 1000

State Supt. Wilkins, Speaker At Both Harris, Blair School Ceremonies

Urgent need for school districts in Illinois to keep pace with a growing population and provide buildings for an additional 600,000 pupils each year was stressed by State Supt. of Public Instruction George T. Wilkins, who was guest speaker yesterday afternoon at two dedications programs for the new facilities being opened at Blair school in Madison.

The two dedications along with open house tours of the new facilities were attended by an estimated 1000 persons, with the programs starting at 1:30 p.m. at Harris school and 3 p.m. at Blair school.

Wilkins, who formerly held the post of Madison school superintendent and had offices in the old Harris school, said the Madison board of education was among those in the state working hard to provide adequate and suitable quarters for pupils.

"I'm taking part in two of three building dedication programs every week," the state superintendent said, adding that he has pledged to dedicate his life to education and to give Illinois what it needs to have the best system of public schools in the nation.

The future of our country rests in what we do in schools," the state superintendent continued, "and you here in Madison are doing your part to provide modern and excellently equipped schools for your students."

Taxicab Strike Enters 2nd Week; No Meetings Set

3 Boys, 13, 14, Admit Theft of Tools Worth \$285

The week-long strike of taxi drivers appeared deadlocked, to the controversy were the building fast to their positions, awaiting possible new developments.

No new labor-management negotiations for getting the taxicabs back on the streets appeared imminent, as both sides to the controversy were the building fast to their positions, awaiting possible new developments.

Meanwhile Granite City, Madison, Venice and Mitchell residents had to rely on improvised service. Strikers continued to picket the mid-town dispatch offices of the two fleet operators.

Marshall McDuffy, president and business agent of the International Teamsters and Chauffeurs' Union Local 523, explained that the "owners had turned down the strikers' weekend move to resume negotiations. The two local taxicab operators could not be reached today for comment.

He said there would be no meeting today and none in the immediate foreseeable future. "Since the owners appear unwilling to meet with us," McDuffy declared, "we will make no further move in that direction until we are contacted. It's their move, next."

The strikers' business representative explained the focal point of contention has to do with vacation pay for drivers.

Under a contract expired on June 16, taxicabmen got a yearly \$25 pay week's vacation. They seek a \$50 week pay vacation. Additionally, those with certain seniority rights ask to take an extra week of vacation without reimbursement from the fleet operators.

"Essentially, what we want," McDuffy emphasized, "is a \$50 week pay vacation and certain drivers' contracts for the past three years have been a paid vacation clause."

McDuffy pointed out that the contract to what appears to be a misstatement and erroneous statements, incorporated in drivers' contracts for the past three years have been a paid vacation clause.

"We have had paid vacation rights in our agreement for the past three years," he elaborated. "All fleets operating in the city."

Alderman Nemeth Moving From First To Sixth Ward

The resignation of First Ward Alderman Frank Nemeth will be requested at the next regular meeting of the Granite City council next Monday evening.

It was learned over the weekend from Mayor Davis.

Nemeth, a mail carrier whose term as alderman expires next April 30, said he is in the process of moving from 1808 Omaha street in the First Ward to 2800 Saratoga avenue, Glenview Addition, which is in the Sixth Ward.

The alderman told the Press-Record on Friday that he had not yet completely moved, but had decided whether to give up his aldermanic post.

"After all," he said, "I'm only through next April." He explained he had sold his home to Granite City Steel Co. which is buying many homes in the "behind-the-mill" area, the First Ward. The other First Ward Alderman, Estill Von Schmitt, lives on 14th street in the Tri-City Park area.

Nemeth's modest home, on Omaha street is virtually vacant, but the alderman still has some furniture and other items there. The move was started about two weeks ago, it was learned.

Attain Through Forum

Attention to his departure from the First Ward was noted in a forum letter received Friday from Simon Blada of 2008 Fourteenth street, who told the Press-Record he might be a candidate for the vacant post. Blada was one of the staunch supporters of a city manager government for Granite City.

If Nemeth should refuse to resign from the council, the decision on his status is probable by rest with the council members, who would be required to report on the matter to the First Ward while maintaining a home in the Sixth Ward.

Mayor Davis said he expects definite word by next Monday if Nemeth's move is completed. He said, however, income as an alderman averages \$75 a month.

Toil Among Most Severe Of Year

16 Persons Injured, 2 Seriously, In 22 Area Traffic Crashes

Sixteen persons suffered injuries as a result of traffic collisions occurring during the weekend on Quad-City streets and highways. It was only the sixth weekend this year in which the number of persons hurt has exceeded 15.

Twenty-two auto crashes were tabulated, but there were no fatalities. None has occurred here since Nov. 2. Of those injured since Thursday, two are in serious condition — a motorcyclist and a woman passenger in an auto that overturned on Rock road last night.

A motorcyclist, Olan Joseph Goeller, 27, of 3975 Lake street, was injured Thursday evening when his cycle crashed into the rear of an auto being pushed on Route 162 (Edwardsville road) about 500 feet north of the intersection with Nameoki road.

Also hurt was Robert Morris, 18, of 1810 Sken street, Madison, identified as the owner and driver of the car. He was arrested on a charge of operating a motor vehicle without a driver's license.

Goeller was admitted to St. Elizabeth Hospital to be treated for a fracture of his left leg and cuts and bruises to his face and right knee. He was later transferred to St. Mary's Hospital, East St. Louis.

According to police, Goeller was riding west on Route 162 when he crashed into the rear of a car being pushed on the shoulder by David Zeff, 1814 Fourth street, Madison. Zeff was not injured. Police were told the 1948 car had run out of the lane.

Auto Overturns, 3 Hurt

The St. Louis County was injured about 10:30 last night when their auto overturned on a curve at the old levee road, immediately west of Granite City.

Admitted to St. Elizabeth Hospital for treatment and observation was Mrs. Betty Howell, 21, a passenger who suffered multiple cuts and bruises. Suffering lesser injuries, according to the police, was the driver, Charles Howell, 24.

Local police, who were called to the scene, said Howell was driving south when his auto skidded on loose gravel at the curve and he left the roadway and overturned.

Boy On Bicycle Hurt

George Turner, 14, of 1323 Washington avenue, was injured in an auto accident. He suffered an injury to the left leg and arm. He was taken to St. Elizabeth Hospital for treatment. He was released after medical attention.

Tot's Ear Pierced By Medicinal Swab

Bleeding profusely, 21-month-old Debra Valley was rushed to St. Elizabeth Hospital emergency room at midnight Friday when a medicinal swab was stuck in her ear in a fall at her home.

The infant is the daughter of Mr. and Mrs. Clarence F. Valley, 83 Garshore Homes, Madison. The mother explained her daughter was playing with one of the cotton ball-tipped swabs when she fell, and it was driven partially into her ear.

At the time, Mr. and Mrs. Valley were with her 14-year-old brother and 10-year-old sister. Taken to the hospital, the ear was x-rayed and first aid treatment given.

Attendants recommended Debra be taken to a local physician, and Saturday he family sent to a St. Louis ear specialist for removal of the cotton ball. The swab upon which the infant fell is the kind used for cleaning and for throat swabbing.

American Steel Income Expected To Stay On Par

American Steel Foundries expects net income and sales in the quarter ending Dec. 31, 1960, to about equal results in the year ago quarter. Joseph B. Lanterman, president, told the Cleveland Society of Security Analysts on Thursday.

In the quarter ended Dec. 31, 1959, ASF earned \$1,542,462 equal to 53 cents a share when business was adversely influenced by the strike in the basic steel industry.

"While the outlook for our entire fiscal year ending Sept. 30, 1961, is uncertain, there are indications at this time that earnings will be comparable to 1960 results," Lanterman said.

In the fiscal year ended Sept. 30, 1960, ASF had net income of \$7,793,363 equal to \$2.66 on the average number of shares outstanding in the period, up from \$7,187,027 or \$2.63 a share in fiscal 1959. Earnings in fiscal 1960 were the third largest in the history of the company, exceeded only in 1956 and 1957.

Lanterman noted that the company's shipments to other than railroad customers increased to 43% of total sales in fiscal 1960 compared with 41% in 1959 and only 16% in the early post-war years.

"This major change results from expansion into other fields and not from de-emphasis of railway products," Lanterman noted.

The outlook in 1961 for freight

car components is uncertain, the ASF president said. However, he added that retirements of freight cars have exceeded cars purchased or built for the past several years, "and this lends optimism because of the need of the railroads to maintain an adequate freight car fleet."

In fiscal 1960, the sales volume of the company's pipe coating and wrapping business continued to grow and set new records, Lanterman said. He noted sales of South Bend Lathie products also increased in 1960.

In April 1960, production of Griffin cast iron pressure pipe was started at Council Bluffs, Ia., marking the beginning of a new product line. As a new manufacturer in the pipe field, the company has been pleased with its acceptance by many customers," the ASF president said.

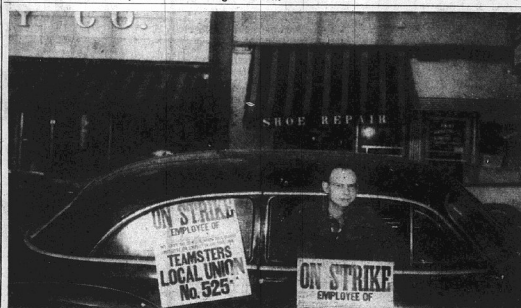

Research Greater "The efforts devoted to research were greater than in any other year in ASF's history. The long term outlook is encouraging. Diversification both by acquisition and development will continue to be pursued vigorously. The program of capital additions should add to the company's earning power," Lanterman said.

"Our optimism in the future is evidenced by our capital spending plans which at present call for expenditures of \$10 million in 1961, about 20% more than the \$8,329,000 spent in 1960," he added. In 1961, major projects are a steel wheel plant and a pipe coating and wrapping plant in North Lima, O., in the Youngstown area. The pipe coating and wrapping plant is expected to be in operation in the spring of 1961 with the steel wheel plant to be completed in the fall.

Community Coach Studying Added Cost of Operation

A study of increased costs of bus operations in the local area is currently underway by Community Coach Co., it was announced today by George W. Stearns, president of the transportation firm.

Stearns said the company recently reached agreements with two unions representing 39 of the company's employees and new contracts substantially boost the company's cost of operation.

A contract signed Nov. 2 with the Brotherhood of Railroad Trainmen, retroactive to last July 1, provides for an increase of 20 cents an hour during the next two years. Longer vacations were also included in the contract, and Stearns said the company will continue to pay for drivers' hospitalization insurance, life insurance and allowances for uniforms.

An earlier contract, signed Sept. 11 with the International Association of Machinists, District 9, also granted 20 cents more an hour during the next two years. The contract was retroactive to last Aug. 1.

Company officials said at least seven increases in labor costs have been given through negotiations with unions since 1952, the year in which the company last increased its rates.

Meng Reports Hit-Run Crash On Madison Ave.

Assistant Postmaster Edward Meng, 58, of 2224 Madison avenue, and his wife escaped injury about 10 o'clock last night when a car was driving south on Madison avenue and was involved in an accident when a northbound car veered into his lane and the driver sped away.

Meng told police there should be damage to the right door on the hit-run vehicle. The front of the Meng car was damaged.

CRUISE SPEAKS ON TAXES, REVIEW BOARD
Venice Cruise, Granite City township tax assessor, spoke to the Cloverview Civic Improvement Association Thursday evening in the American National Bank building.

Cruise, introduced by Delton Grootenhuys, president of the association, explained how tax rates are arrived at, how the Board of Review is appointed and its function.

At the business meeting, a nominating committee of Gilbert Hall, Joel Tozier and Monroe Meyers was appointed by Grootenhuys.

Other members attending were Mrs. Monroe Meyers, Mrs. Lickert, Bill Wallis, Cecil Nash, Robert Skinner and Luther DuNard. The next meeting will be on Dec. 8 at the bank. The speaker will be announced later.

FROHARDT PTA BOARD MEETS

The executive board of the Frohardt PTA met Wednesday evening with Mrs. Charles Rodell, president, presiding.

The ways and means committee announced their plans for a chili supper or a bake sale which has been discussed, but no decision has been made. The group thanked all for their cooperation at the fall festival on Nov. 8. The committee also reported that approximately 70 members attended a St. Louis radio program on Nov. 4.

The committee reported that Christmas tree centerpieces will be made and sold, and the sales will be taken at the open house Tuesday.

The membership chairman reported the addition of 133 new members, and also said the PTA is now sponsoring a Girl Scout and Brownie troops. This includes new troops — No. 18, with Mrs. Vaal Dufford as leader, and No. 80, with Mrs. Wallace Barr as leader. A new cub pack has applied for a charter.

Mrs. Rodell announced that the PTA will be host to the Area Council of PTA's Thursday, Nov. 17, at 7:30 p.m., and plans were made accordingly. She said that the yearbook will be given to the membership at the open house.

The problem of after-school traffic was discussed, and the safety chairman was asked to work with Harry Marshall, principal, on this.

Marshall also reminded the group that the Christmas vacation will interfere with the December regular meeting date, and it was decided to hold the meeting on Dec. 13, with the board meeting preceding it by one week.

Members attending were Mrs. Don Jolly, Mrs. Rains, Mrs. John Haynes, Mrs. George Nancey, Mrs. Harvey Boone, Mrs. Gene Casey, Walter Stewart, Mrs. E. M. Harvey, Joseph Arico, Mrs. Allen Jesse, Mrs. Robert Vespa and Mrs. Mrs. Irvin Nicol.

BUSINESS MEETING OF LEGION AUXILIARY

Venice-Madison American Legion Auxiliary Unit 307 held a regular business meeting Thursday evening at the Legion home, with the president, Mrs. Viola Whiteside, in charge. A donation was made for a Christmas party for service veterans at the Alton State Hospital, to be held Dec. 18.

Donations were made to the Venice and Madison police department for the annual children's Christmas treats, to the United Fund and to the Venice Junior Service club. The rehabilitation chairman, Mrs. Mildred Schmitt, was allowed \$25 for expenses.

Mrs. La Verne Orsco, cheer chairman, reported on cards sent to members who are ill and on a deceased member, Mrs. Pauline Riedelberger. Mrs. Dorothy Bergath, membership chairman, reported a membership of 227 to date, with 51 members needed to reach the quota. Mrs. Whiteside reported on the 22nd district meeting held Nov. 5 in Wood River.

The Madison-Bond counties meeting will be held Nov. 26 at Alton Post 126. Mrs. Pauline Mersinger announced that the ladies' drill team will hold a Christmas party and gift exchange.

Mrs. Jackie Leatherman presented Mrs. Jessie Henderson with a pin in appreciation of her work in the membership drive during 1953-1954.

Others present at the meeting were: Misses Dorothy Hinson, Dorothy Mersinger and Mesdames Virginia Peach, Joyce Austra, Frances Cowley, Ellen Douglas, Maxine Simms, Viola Harrison, Estella Bone, Mary Ann Ballentine, Marie Edith Sauter, Ann Taylor, Thelma Gonterman and Hazel Hinson.

JUNIOR SERVICE CLUB DISCUSSES DANCE

Venice Junior Service club members met Wednesday evening at the Venice-Madison American Legion home with the president, Mrs. Hilda Simmons, presiding. A discussion was held on the club's annual dance to be held at the Legion home Dec. 2. Tickets are available from any club member. Following the business session, the group made table decorations for the dance.

A dessert luncheon was served by Mrs. Delores Byrnes, Mrs. Simmons, Mrs. Elsa Bauer and Mrs. Bertha Fuchs. Desserts for the evening. Others present were Mesdames Tillie McGarran, Ruby Devany, Mary Donnan, Scaturro, Betty Meintrap, Helen Fier, Lorraine Esington, Adele Grimes, Ruth Rankin, Helen Myracle, Ida Duncomb and Pauline Schank.

Hostesses for the December Christmas party and gift exchange will be Mesdames Delany, Mildred Melan, Rankin, Grimes, Delores Hill and Dorothy Billeby.

Church To Organize Cub Pack, Boy Scout Troop

About 30 boys and parents, members of the New Salem Baptist Church, Kerr Island, met at the church Saturday evening to discuss the organization of a Cub pack and Boy Scout troop. Rev. Charles Brown, pastor, was in charge. District Scout Executive Dan Brown showed slides of Camp Sunnen and outlined the procedure for organization of a pack and troop, assisted by Scout Commissioner Walter Davis.

Three women volunteered to serve as den mothers, and several men to be leaders and committee men. The leaders will arrange a meeting to continue organization plans.

Two Speeding Arrests

Two motorists were arrested shortly before 1 a. m. Sunday by Granite City police who charged them with speeding. Robert L. Eitel, 21, of 2660 Madison avenue, who was arrested at 30th street and Madison avenue, posted his driver's license as bond. He was charged with speeding, was freed on \$11 cash bail.

Thief Steals Gasoline, Pours Clay In Tank

A thief resorted to vandalism after siphoning gasoline from the tank of an auto belonging to Carl Eastington, 2128 Nevada avenue, last Thursday night. The gas cap also was taken.

Mrs. Eastington, who discovered the theft, told police that when she went to a service station, the attendant found yellow clay had been poured into the tank. Upon taking the car to a garage Saturday, it was discovered about a shovelful of clay had been placed in the tank.

Faces Three Charges

Robert Schuman, 31, of 1919a Benton street, was arrested on three charges about 2:30 a. m. Sunday at Highway 3 and Maryville road by Granite City police. He was charged with speeding, careless driving and failure to heed the red light and siren of an emergency vehicle. Schuman posted his driver's license as bond.

The society's next meeting will be held Dec. 1 at 6:30 p.m. and will be a Christmas pot luck dinner. In lieu of a gift exchange, a check will be sent to the Neighborhood House in East St. Louis.

Devils Open Cage Season Tomorrow On Home Court; Lineup Uncertain

Uncertain as to his starting lineup for tomorrow night's home opener with St. Peter and Paul of Waterloo, Venice high school Coach Zahn Wells said today that at least nine players will see service before the evening ends.

The Waterloo representatives, coached by Andy Benyo, have yet to win a hardwood contest from Venice in the three years the schools have carried on their basketball rivalry. The Red Devils were victorious by 67-54 and 91-59 scores last season.

"But we'll be giving away

height, as will be the case most of the years," Wells said, not caring to predict a continuation of the victory string. "We'll have to hit a good percentage of our shots."

At forwards tomorrow night Wells will probably start with John Corrie and John Koeltner. "Bill Black will also see some service there," Wells predicted. Black came out for basketball as a freshman, but broke his leg and did not participate as a sophomore last year. "He's looked good in practice so far," said the coach of a Red Devil squad which had a 17-8 record last season.

Either Rich Rousseau or Dan Moad, neither a letterman, is tabbed as the starting post man for the Devils. Larry Gray, a fine playmaker and two-year letterman, will be at one guard and Don Devary or Jim Elber, solid at the other backfield position. Bill Sambro, on the strength of his defensive ability will also see some action at one of the guard spots.

St. Peter and Paul opened its season last Monday night, losing in overtime to Coulterville. Tomorrow's varsity contest will be preceded by a 6:30 p.m. junior varsity game. The first stringers go at it at 8 p.m.

Ferguson In 91-Yard TD Run As Iowa Wins 35-12

Madison high school product Larry Ferguson raced 91 yards for the clinching touchdown Saturday as Iowa defeated Ohio State 35-12 at Iowa City and moved back into the lead in the Big Ten conference.

It was the sixth touchdown scored this season by the Hawkeye junior and, appropriately, Ferguson's high school football coach, Francis "Fat" Dant, was in the stands to witness it.

Ferguson, playing only three quarters, carried the ball six times for a total of 132 yards. He returned three Buckeye punts for an average of 40 yards and had one 11-yard kickoff return in the "Dads' Day" contest. His 91-yard gallop, longest of the game, came in the third quarter with Iowa leading 27-12, and just after the Hawkeyes had stopped an Ohio State drive inside their own five-yard line.

Iowa, playing its final home game of the season and final Big Ten contest of the year, moved ahead 27-12 at Minnesota, which was upset by Purdue Saturday. The Hawkeyes, who will play Notre Dame Saturday, are 5-1 in the conference; Minnesota is 4-1.

West 7th Graders Top Central Cagers, 26-11

West junior high school's seventh grade basketball team kicked off the season Thursday afternoon with a 26-11 victory over Central grade school at the West gym.

Bill Cox led the winners with 11 points as West moved to a 16-5 halftime lead and never trailed. West will play at East Alton tomorrow at 6:30 p.m. while Central will be at home at Madison junior high school at the same hour.

Treated For Gun Wound

Daniel Patterson, 20, of 2026 Fifth street, was released after receiving medical treatment Thursday for a wound in the arm suffered at his home when he slipped on porch steps and a 22-caliber target pistol discharged. He was carrying the gun with the intention of doing target shooting, he told a sheriff's deputy who investigated. Patterson has been home on leave from the Navy due to illness and death of his father.

MORE ABOUT

Taxicab Strike

(Continued from Page 1)

Quad-Cities are involved in the strike—Yellow, Checker, Black and White, Modern.

Picket Lines Have Been Set Up

fronting the dispatch offices of the fleet owner-operators.

Motorized Picket Lines

Not surprisingly, the "back-to-the-fleet" operators, who have motorized their picket lines.

During most of the time, due to blustery and wintry weather, they used their own cars, placarded with "no strike" signs, to picket the purposes. These vehicles are parked at strategic points near the dispatch offices, where the strikers occupy the vehicles while displaying the signs.

At times, however, they took to foot to patrol the picket lines.

Granite City council members recently allowed taxi company operators to boost zone rate schedules.

Commission Increases

This gave the taximen a pay increase, since they work on a commission basis and their percentage of the gross remained unchanged.

Likewise, McDuffy noted, it benefited the fleet owners.

Patrick Meyer has the franchise for the Checker cab operation, one of the two struck companies. The Yellow, Black and White, Modern and Quad-City taxi service is operated by Clifford D. Stevens, president of the Quad-City Cab Co.

Widespread inconvenience and frustrations have resulted in the wake of the strike.

A few emergency calls have been serviced by managerial personnel, but otherwise, in response to the languishing phones at the dispatch offices the answer, a standing one, is:

"The drivers are out on strike and we are unable to provide you transportation service."

Owners, it appears, have agreed to reinstate the old contract, with its present concession basis of pay and \$25 week paid vacation.

They maintain the recent zone schedule increases have given the drivers an automatic pay raise.

Open House At 7 GC Schools This Week

Continuing the observance of American Education Week, open house will be held at seven Granite City schools this week — Marshall and Washington tonight; Frohardt, Maryville and McKinley tomorrow night; and Wilson and Niedringhaus Thursday evening.

Highlights will include square dances by Marshall sixth graders, judging of Children's Book Week posters at Frohardt and a talk by Art Director Eugene Alaisi at Niedringhaus.

Other events at Quad-City schools this week will include a community concert Wednesday night at GCHS, a vocal music department spaghetti dinner there Thursday night and the Junior prom Saturday night, Nov. 15, a meeting of the Area Council of PTAs at Frohardt grade school Thursday evening; and Walther League recreation Thursday night at Mitchell grade school.

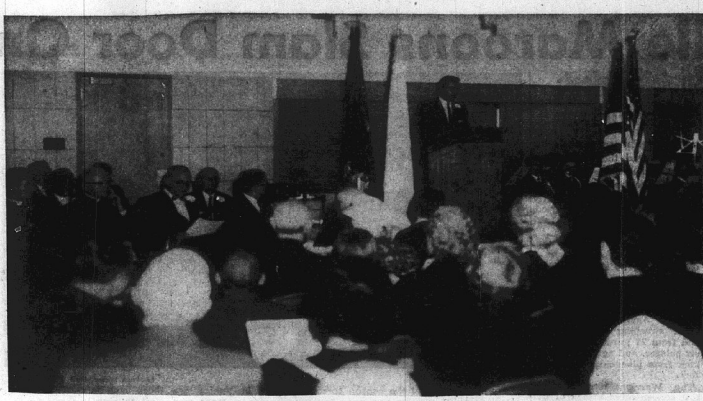

Seven Receive K. of C. First Degree Thursday

Seven candidates for the first degree were initiated by third degree members of Knights of Columbus Council 1088 Thursday night at the K. of C. home, 2052 Edison avenue.

They were R. J. Foret, E. E. Roberts, R. G. Nolan, J. A. Kazman, T. A. Murgie, R. E. Fechte and A. C. Miosky. The seven will receive second and third degrees at the Wood River K. of C. home in ceremonies on Sunday, Nov. 27.

Thirty third degree members attended Thursday's meeting, at which a sports program for younger members was discussed. Refreshments were served following the business meeting and initiation.

Water Co. Office Workers Ratify 9-Cent Increase

Federal Mediator John Keitner today revealed terms of the agreement reached between strikers and the utility in the walk-out affecting the East St. Louis & Interurban Water Co. and three office employees here. The agreement was ratified last Thursday night.

Office workers at Granite City and those at the utility's offices at Belleville and East St. Louis returned to work last Tuesday following a week-long strike.

"There had been no interruption in Quad-City water service. Tentative agreement on terms of settlement were reached Tuesday, and were ratified unanimously Thursday at an East St. Louis meeting of all 30 strikers.

They are members of Local 130 of the Office Employees International Union.

One-Year Contract

Under terms agreed to, Keitner explained, office employees received a one-year contract.

"It gives them an across-the-board nine-cent hourly wage increase," he said.

"There are adjustments on various job classifications and improvements in health and welfare benefits and pensions."

Commissioner Keitner did not specify the original demands of the strikers, although it was believed to be a demand for an 8% salary hike.

Belleville Maroons Slam Door On Granite City, 20-0

Warriors Deal 7th Straight Defeat; Rousseau Scores 3 TDs For Visitors

Belleville's Bob Rousseau rambled for three touchdowns here Thursday night as the Maroons powered their way to a 20-0 win over hapless Granite City in a Southwestern Conference football game which completed the season for the Warriors.

The defeat was Granite City's seventh straight during a season in which the Redmen, slowed by a host of injuries which permanently sidelined seven varsity regulars, could win only once in nine tries.

Belleville accomplished it with a solid ground game which netted 224 yards, while the Warriors were held to just 79 yards rushing, most of that picked up by workhorse Fullback Bob Berry.

The season was the first losing one for head coach Andy Sullivan since he came here three years ago. His 1958 squad posted a 6-3 mark and last year the record was 5-4. Granite City failed to win a conference game for the first time since 1954, when the club had a 1-7 overall record and was 0-5 in the old Southwestern loop.

Granite City stopped on early Maroon threat Thursday when linebacker Bob Hoffek intercepted Belleville Quarterback John Adams' aerial near midfield, but visiting Coach Bob Evans' defense switched his offense to the ground, where it paid the price.

When the Maroons took over on the Warrior 45 late in the first period, it took them only six plays, all of the running variety, to reach touchdown territory.

Rousseau, who had a fine night in boosting his scoring total to 60 points, boomed from the Warrior 18 to the four, a 45-yarder, and then carried over on a power play behind good blocking to give the Maroons a 6-0 lead with 1:05 left in the first period. Guard Jim Eckert's first boot from placement was low and to the right.

Belleville took to the air again in the second period, with Adams completing three passes for short gains, but a Belleville drive which began on the Granite City 40-yard marker went awry when the Warriors recovered a Maroon fumble in the end zone for a touchback. Frail athletes had moved the ball all the way to the Granite City four on the previous play.

The Warriors could manufacture only one first down in the period, however, and three good punts by Quarterback Bill Lerman kept the Maroons at bay until halftime.

Adams threw only one pass in the third quarter, but it was a 16-yard signal to Halfback Cliff Bullock which helped to set up Belleville's second score.

Bullock carried to the Warrior 26, and three plays later the Maroons were on the basic 17 yard line, needing a yard for an operating series. Rousseau responded by picking up six, carried for seven more the next play and then drove the Warriors four yards into the end zone off his own right guard.

Eckert's kick this time was perfect, and Belleville visitors who braved the chilly 25-degree temperature began to feel a bit more relaxed as the Maroons moved in front 13-0.

Granite City attempted to get back into the game with a passing attack, but Larry Noblin, now quarterbacking, got off only one aerial in three tries as the Belleville line put on a good rush and threw him for big losses twice.

Schlitz Five Scores Sweep Saturday In Classic Kegling

Granite City Bowland Schlitz, rolling the team high of 2913 pins, swept to a 3-0 victory over Ripley Pins of O'Fallon in the Southern Illinois Bowling Proprietors Association Classic league kegling Saturday night at the Acme Lanes in Alton.

George Wolfe paced Schlitz with a 615 series, following up were Ray Hoffman 608, Max Legate 599, Nick Lombardi 580 and Wilbur Smith 511.

Schlitz, in third place, and second place Reverse Room of Collinsville, which dropped to 1st-2nd of East Alton 21, picked up ground on league-leading Alton Faststart, which dropped the odd game to Ruty's of Wood River.

Reverse is two games away from a first-place tie, while Schlitz is 2½ back. The eight-team loop will move to the Big Top Bowl in Granite City for Saturday's 7 p.m. session.

Flyers Clip Kahoks 21-13, Clinch Southwestern Grid Title; Edwardsville Shoot

The East St. Louis Flyers clinched the Southwestern Conference football title, an honor they have shared or won outright for the past 14 years, Thursday night at Parsons Field in East St. Louis by turning back suburban Collinsville 21-13.

The Flyers are now 5-0 in conference play, and Collinsville 4-1-1. Fred Cameron's team has one SWC contest remaining—a Thanksgiving morning date with Belleville—but the outcome of that game no longer has any bearing on the final conference standings.

The game was tied once, in the second period, after Ed Meadows scored for the Kahoks to match Rufus Jones' first quarter tally. But East St. Louis picked up two touchdowns in the second period to offset a fourth-quarter Collinsville score.

The loss was the first for the Kahoks this season, who had been tied earlier by Belleville, and means that there is no longer an undefeated prep eleven in this area.

In a minor upset Thursday night, Roxana edged Edwardsville 15-6, probably because the one SWC contest remaining—a Thanksgiving morning date with Belleville—but the outcome of that game no longer has any bearing on the final conference standings.

All-Conference Football Squad Balloting Begins

Football coaches in the Southwestern and Midwestern conferences will begin balloting this week to select the Press-Record's third annual all-conference teams in both high school loops.

The coaches and the Press-Record sports department once again will name a first and second team in both conferences, with the former squads featured in special sections of this newspaper in late November.

The policy of giving recognition to outstanding high school football players in this area was originated here in the fall of 1958.

Sacred Heart Wins Second Straight

Sacred Heart parochial school's basketball squad made it two in a row yesterday afternoon, defeating St. Mary's of Madison in a parochial conference game, 37-28.

The winners built up a 22-8 halftime lead and coasted in, despite a 17-point effort by the losers' Elwood Besserman. St. Mary's outscored the winners during the second half 22-15.

Bill Moran hit 14 points for Sacred Heart and teammate Vince Pelleve added 12 more.

Sacred Heart's junior varsity also won in a preliminary contest with St. Mary's, 25-12. John Ebberghaus had 10 points for the winners, and Jim Tutka and Paul Besserman four each for St. Mary's second squad.

CHRISTMAS SEAL CAMPAIGN was launched here Saturday morning by these members of Job's Daughters, who met in the morning at the Masonic Temple to receive tuberculosis fund campaign posters, which they then distributed to business establishments.

20 Job's Daughters Aid Annual TB Seal Campaign

A group of 20 members of Job's Daughters, Bethel 43, assisted the 54th annual Tuberculosis Seal campaign by distributing 225 posters to business places in Granite City, Madison and Venice on Saturday. The yearly drive was started today by the Madison County Tuberculosis Association, of which Dr. E. H. Theis, Granite City physician, is a member of the executive committee, and Dr. A. H. Rode, Granite City dentist, is first vice-president. Dr. Theis and Mrs. Theis also are active in the Job's Daughters organization.

The seals are being delivered to each home by mail, and an ap-

peal for public participation in the campaign is being made by the association officers. They point out contributions will be used to help support and expand the county tuberculosis association's program, which includes health education, case detection, follow-up and research designed for the protection of all from tuberculosis.

During 1960, a total of 20,390 chest x-rays was taken by a mobile unit which visited communities throughout the county, including the Quad-Cities. The organization also conducts a tuberculosis testing program in schools.

Among those taking part in

Saturday's poster distribution were Betty Champion, Carmen McGovern, Mary Alice Christian, Sandra Johnson, Mary Cox, Margaret Champion, Sharon Holton, Kathy Poole, Lynda Teller, Janet McBrien, Dena Youngs, Barbara Martin, Cindy Zahra, Nancy Woods, Nadine Fields, Jo Pierce, Linda Williams, Terry Lane and Norma Bishop.

MORE ABOUT Madison Dedication

(Continued from Page 1)

by Madison Mayor Stephen A. Maers, Venice Mayor Dr. John E. Lee, School Board President John N. Belloc, Ray Dragich, assistant county superintendent of schools, and Madison Supt. Wensel L. Brown. Austin Lewis, school board attorney, was master of ceremonies.

Prior to the start of each dedication ceremony, concerts were presented by the Madison high school band under the direction of William F. Ledbetter, and colors were posted by Venice-Madison American Legion Post 307. Mrs. Louise Lewis was soloist for the National Anthem, played by the school band.

At the start of each program Lewis introduced special guests, including members of the Madison board of education, school principals and teachers. Among them were Joshua Johnson, former principal of Dunbar school and now a member of State Supt. Wilkins' staff.

Also taking part on the program were Rev. Engelbert of St. Mary's Church, Rev. Russell D. Oden of the First Methodist Church, Rev. C. I. Calmes of the Friendship Baptist Church and Rev. Oscar C. Baucum of the Mt. Nebo Baptist Church.

Following the dedication ceremonies, refreshments were served and the visitors toured the new school facilities. Attendance was estimated at 500 to 600 at Harris school and 300 to 400 at Blair school.

Each visitor was given a souvenir program, containing pictures of the new schools and school officials and a printed sheet listing the costs of the new building at \$555,034 for Harris school and \$382,770 for Blair school, a total of \$937,804.

The new Harris school with 19 classrooms and two kindergarten rooms has an enrollment of 628 pupils, and Blair with 13 rooms and one kindergarten

Special recognition was given Architect Virgil Dulgeroff, who designed the buildings, and Herman Wolfe of M. H. Wolfe & Co., general contractors.

Charged With Speeding

An arrest ticket charging him with speeding at West 24th Street and Illinois avenue was issued Friday night by Granite City police to Charles R. Fetter, 26, of 2401 Illinois avenue. He posted his driver's license as bond.

Amvets Place Wreath In Veterans' Day Ceremony

Veterans' Day was observed at 11 a.m. Friday with a brief ceremony conducted by Madison Amvet Post 204 on the front lawn of the Madison memorial recreation center.

A wreath was placed in front of a stone memorial marker by Commander Harry Perkins, who gave a short talk dedicating the observance to the dead of all American wars.

A squad of 10 Amvet members participated and rendered the traditional military hand salute. John Gravelle, chaplain of Post 204, offered the invocation and benediction.

City officials were represented at the ceremony by Sam

Chomko, member of the Madison playground and recreation board, which supervises operation of the city-owned memorial center. William Vavra served as chairman of the program.

The time of 11 a.m. was chosen in reverence to deceased veterans of world war I, which ended with the signing of an armistice at that hour on Nov. 11, 1918.

Celebrated for many years as Armistice Day, the Nov. 11 holiday later became known as Veterans' Day, since two wars have followed the world war I conflict. Stores and most public buildings in the Quad-Cities were closed Friday, and flags were displayed.

Miss Janet A. Gieszelmann, Pfc. Larry C. Goeller Wed

The wedding of Miss Janet A. Gieszelmann and Pfc. Larry C. Goeller took place at a 3 o'clock nuptial mass Saturday at St. Elizabeth Catholic Church in Mitchell.

The Rev. Lawrence Mattingly officiated before the altar decorated with arrangements of white gladioli and pom-pom. The double-ring ceremony was used.

The bride is a daughter of Mr. and Mrs. Edward L. Gieszelmann of Rural Route One, Pfc. Goeller's parents are Clarence Goeller, 2603 Kirkpatrick Homes, and Mrs. Helen Stephens, 4744 Warnock avenue.

Given in marriage by her father, the bride wore a gown of white peau de soie, classic in styling. The bodice of lace had a scalloped neckline and long sleeves which tapered to points over the hands. The very bouffant skirt was worn over a hoop and detailed at the sides with lace panels adorned with scattered jeweled lace motifs. A chapel train flowed voluminously in the back and the bride's melody-length veil of imported French illusion was caught to a crystal coronet with pearl drops. Her flowers were a cascade of white carnations centered with pink cymbidium orchids.

The attendants were Miss Phyllis Jean Gieszelmann, a sister of the bride, and P. McGowan. The former selected a floor-length gown of Dior blue peau satin with a beaded neckline and brief caught at their shoulders.

The wedding breakfast, served at the home of Mr. and Mrs. Vaughn, 2001 Manley avenue, and friends and relatives of the couple attended an evening reception in the basement of the new St. Elizabeth Church.

The couple left after the reception for a week's honeymoon in Baltimore, Md., where the bridegroom is stationed at Fort George G. Mead. Mrs. Goeller will return to Granite City by plane Nov. 20 and will rejoin her husband in Baltimore in December. She is employed in the office of the Collector of Internal Revenue in St. Louis.

Mrs. Holtzschler Presents Paper For Bay View

Continuing the study of "Facts About Presidents," as outlined for the year, members of the Bay View Reading Club have a paper on Adams and Jefferson, 1787-1809, given by Mrs. George Holtzschler at a meeting of the group Thursday afternoon.

Mrs. James Stuart, 3711 Nankin road, was hostess to the club, serving a dessert luncheon to 14 members.

Mrs. Arthur Roman, club president, reported on the recent Madison County meeting of the Illinois Federation of Women's Clubs in East Alton and other business was transacted.

Due to the Thanksgiving holiday, the Nov. 24 program has been cancelled and the next meeting will be held in four weeks at the home of Mrs. J. C. Byers sr. on Edison avenue.

Bible Class Meets At Church

The November meeting of the Women's Bible class of Niedringhaus Memorial Methodist Church was held Thursday in the ladies lounge of the office building.

Mrs. Alexander Rouland, president, called the group to order for the usual business discussion, and Mrs. Arthur Evans was in charge of the devotional service which consisted of Thanksgiving poems and quotations by the members.

Mrs. R. L. Miller gave the lesson from the study book "Women of the Bible." The topic was "Elizabeth, Mother of John the Baptist."

A covered dish luncheon is planned for the Christmas meeting of the group Dec. 8 at the home of Mrs. J. C. Byers sr. on Thursday's meeting.

Mrs. Hoffman Hostess For Class

The Golden Circle Class of First Baptist Church was entertained Thursday evening in the home of Mrs. Margie Hoffman, 3906 Kirkpatrick Homes.

Mrs. Pauline Harp, teacher, opened the meeting with prayer and Mrs. Fern Affolter led the Thanksgiving devotional and a reading of the Scripture lesson.

Plans were made for a Christmas party and gift exchange at the December meeting in the home of Mrs. Joyce Johnson, 3232 Wayne avenue, and also to contribute canned goods to baskets for the needy at Thanksgiving.

Mrs. Virginia Head, president, was in charge at Thursday's meeting.

Refreshments were served by the hostess to eleven, including two guests.

RETURNS TO BASE
Seaman Apprentice Robert S. Krug, a son of Mr. and Mrs. John Krug sr., 2923 Denver street, left Thursday evening on his ship, the U.S.S. Suffolk, a Navy destroyer, based at Little Creek, Norfolk, Va., after spending a two-week leave with his parents.

FORMER RESIDENT HERE
Mr. and Mrs. Paul Roseman of Prairie Village, Kans., have returned to their home after spending several days with Mr. Roseman's son-in-law and daughter, Mr. and Mrs. James Louis, 2335 Pontoon road.

Mrs. NICK JACKOVICH, the former Arlene Schiller, a daughter of Mr. and Mrs. Thomas J. Schiller, 1201 Meridian street, who was married Saturday morning at St. Mary's Catholic Church in Madison.

Miss Arlene Schiller Bride Of Nick Jackovich Saturday

St. Mary's Catholic Church in Madison was the scene of the wedding Saturday of Miss Arlene Schiller, daughter of Mr. and Mrs. Thomas J. Schiller, 1201 Meridian street, and Nick Jackovich, whose parents are Mr. and Mrs. George Jackovich, 1032 Greenwood street, Madison.

Rev. Engelbert Blenck, O.F.M., officiated at the double ring ceremony at nine o'clock before an altar decorated with bouquets of white carnations.

During the ceremony, Edward Ashley, soloist, sang "Ave Maria," "O Lord I Am Not Worthy" and "On This Day O Beautiful Mother," accompanied at the organ by Mrs. G. L. McGarran. Music included "The Child Jesus Mass."

Mr. Schiller escorted his daughter down the white-carpeted aisle, giving her in marriage. She chose a chapel-length gown of imported silk organza over silk mist taffeta. The fitted bodice had a scalloped, lace-edged sash neckline and long sleeves of organza pointed at the wrists. Appliques of the lace accented the points of the sleeves. The back of the bodice was pleated to a "v" at the neckline and tiny silk-covered buttons fastened the back. The very bouffant skirt was fashioned with floating side panels delicately appliqued with motifs of lace. Her crystal coronet was attached to a four-tiered melody length veil of imported French illusion.

The bridal bouquet was made up of white carnations centered with a cluster of orchids.

Miss Dorothy Koelker was maid of honor. Mrs. Geraldine Mendez, sister of the bride, Mrs. Betty Steele, sister of the groom, and Miss Lana Winter, a cousin of the groom, were bridesmaids.

The bridesmaids were gowned alike in emerald green peau de satin fashioned with square necklines and short sleeves. The bodices were torso length with front bow accents and the full length skirts were in short skirts.

The maid of honor carried a colonial bouquet of pink carnations, while the bridesmaid held green carnations.

For her daughter's wedding, Mrs. Schiller wore a pastel green satin dress with black accessories. Mrs. Jackovich chose a brocade beige dress with green accessories. The mothers wore white orchid corsages.

Thomas C. Schiller, brother of the bride, served as best man, with Richard Mendez, John Roginski, cousin of the bride, and Norman Owea as groomsmen. Bill Kaman and Ron Brindick were ushers.

A wedding breakfast was held following the ceremony at the Polish Hall, and the reception took place at six o'clock in the evening at the hall, with approximately 600 attending.

The newlyweds will reside in Granite City. The bride is employed at the U. S. Army Transportation Material Command in St. Louis. The groom is employed at the Mercantile Trust Co. in St. Louis.

Grace Baptist Winsome Class Plans Party

The November meeting of the Winsome Class of Grace Baptist Church, 2600 Edwards street, took place Thursday evening.

Mrs. Pauline Keel entertained the group at her home, 3208 Kirkpatrick Homes, and the business session was opened by prayer was offered by Mrs. Patry Garland. Mrs. Caroline Prokopick, president, conducted the business session and the members answered roll call with "what I have to be thankful for."

The class is planning to combine with other classes and women's groups of the church in a Christmas party Dec. 20.

Devotions were led by Mrs. Ava Welch in the book "Poems That Touch The Heart" by A. L. Alexander.

One who was enjoyed after the meeting and refreshments were served by the hostess. Prizes went to Mrs. Evelyn Fedora, teacher, Mrs. Shirley Millikin and Mrs. Charlene Millikin.

Fourteen members attended. On Sunday, a homecoming and dinner was held at the church after the morning service with Dr. Dobbs of East St. Louis as guest speaker.

VISIT FRIENDS
Mr. and Mrs. Frank Jones, 2673 Washington avenue, spent the weekend with Mr. and Mrs. W. A. Porter in a cabin, Mo. They were accompanied on the trip by Mrs. Jones' mother, Mrs. E. B. Golden, who visited her son, Everett Golden, and family, in Boonville.

VISITS PARENTS
Amos W. Johnson Jr., seaman apprentice, U.S. Navy, who has been at home for a fortnight's leave visiting his parents at 2938 Denver street, left Thursday for Mayport, Fla., where his ship, the U.S.S. Shangra La, is based.

Williams-Monroe Nuptials At Mt. Zion Baptist Church

Mt. Zion General Baptist Church, 21st and Benton streets, was the scene Saturday evening of the wedding of Miss Denise Williams, a daughter of Mr. and Mrs. Monroe and Richard L. Williams, was ring bearer.

The bride is a daughter of Mrs. Flora Monroe, 2827 West 22nd street, and Leonard Monroe, 2127 Adams street. Mr. Williams is a son of the late Mrs. Marie Williams, 2312 Missouri avenue.

Rev. Truman Collins heard the vows of the couple at 6 o'clock. Taffeta skirts of white chrysanthemum and pom-pom against a background of palms and ferns decorated the sanctuary and light was furnished by burning candles in branches of candelabra at either side of the altar. White carnations and alternate pews down the center aisle of the church.

The program of wedding music was furnished by Miss Joy Fedora, soloist, accompanied at the organ by her mother, Mrs. Evelyn Fedora. The songs were "Wedding Prayer" and "Because."

The bride was escorted down the white-carpeted aisle by her brother, Charles Monroe. She wore a gown of white lace and satin over tulle. It was fashioned with a fitted bodice, a sash neckline and long wide pointed sleeves. The full, trained skirt was extended with yards and yards of ermine and a fingertip veil was held in place with a lace and pearl crown. The bride carried white roses and orchids interspersed with lace on a white ribbon.

Three attendants, Mrs. Carl Barnes, as matron of honor, and Miss Ruth Ann Justice and Miss Norma Webb, bridesmaids, were dressed alike in red taffeta. The fitted bodices had short sleeves and the full length skirts featured bustles in the back trimmed with velvet bows. White fur headpieces matched the white muffs they carried. The latter were adorned with Frenched, red carnations. A little flower girl, Andrea King, carried a small bouquet.

The wedding reception was held in the church fellowship room and assisting were Misses Peggy Harris, Sidney Kingsley, Gretchen Kingsley and Gladys Lawrence. Miss Gloria Reese presided over the guest book.

After a short wedding trip the newlyweds will reside at 2827 West 22nd street.

The bridegroom, a 1959 graduate of the Granite City high school is employed by the Owens Illinois Paper Products Co. in Madison.

Home Builders Class Meets

"You know how it is, Joe. You've got youth and ambition and training and dreams on your side. You've got a wife and two youngsters and the need for a decent home. But what you haven't got is very much money."

"That's about what I told the man when I wanted to get a mortgage loan to buy this house. He just smiled, asked a few questions and suggested I come back a little later."

"When I did, I found he had thoroughly investigated the house we wanted to buy. He'd analyzed the location, the quality of construction, determined it was a good value for the price. Very comforting. He'd worked out some suggested terms that suited my needs - and my budget."

"He had run a credit report on me of course. But he'd gone beyond this. It was obvious he'd checked around. He had some opinions on my potential progress, and seemed to know some things about my make-up that normally only your best friends know."

The FORUM

VOTERS SHOULD LEARN ABOUT MANAGER PLAN Editor, Press Record Dear Sir:

I wish to commend the Press Record for the editorial series on City Government run in the last nine issues before the referendum vote October 24th. I feel that good and bad points of each type of government were well headlined, and if the people of Granite City had read the Press they would have been much more informed. City wide, very few that I talked with read the articles through and some only glanced at opening paragraphs, and some only read the headlines. Then they would say, "I don't know anything about the different forms of City Government," they would be afraid to vote.

Such is the pitiful condition of these humiliated and frightened Americans who say they are willing to fight "for more freedom to do nothing." I have read an article that said "the best way for a government to go to pot was for all good people to do nothing."

There were over 5000 NO Votes. I wonder how many of those votes would have been cast if they were not prompted and hauled to the polls. The 2200 YES Votes were volunteer votes and only about 30 asked for transportation because they had none. Also noted were cars that did not belong to Granite City with "Vote No" stickers and hauling people to the polls. It is a question where these voters came from.

This election was a good test of the Citizens to see if they wanted volunteer leadership or machine politics. The administration did their best to hamper the voter. Pre-elections were changed, making confusion, and even the judges were puzzled where to send them.

Some polling places had trucks and cars parked in front of the flags of polling places with "Vote No" signs on them. This is definitely prohibited in any election.

This referendum showed that tax payers are satisfied with incompetent in office and willing to support organizations like the

QUESTIONS LEGALITY OF MOVING FROM WARD

Citizens of Granite City: And especially those of Tri-City Park the First Ward in Granite City.

My name is Simon Blada. I am looking for good man or woman to represent the First Ward in the next election. One of the city's aldermen, I understand, has already moved from this ward to another part of the city. I don't know whether it is legal for him to represent us until next election.

Yes, I supported the manager form of government, and another election may come off in the near future.

I had a talk with one of my friends who lives at about 5000 Pershing Avenue in St. Louis. They have a splendid home there. Six apartments which rent for \$125 a month for each apartment, water included, with an income of over \$700 a month. The tax on the property is only \$350 a year.

You contrast that with a family home here in Granite City with taxes of \$250 upwards to \$500 a year.

Wake up people of this city. You, or a majority of you, were for city manager form of government, but many of you failed to vote for it. You let the city hall scare you or some of the hangers-on scare you.

If I were in the city hall myself, I could show where you can cut the budget and taxes too.

I am anxious to hear from someone in this First Ward man or woman, to represent us in the next city election to make this more pleasant in which to live.

SIMON BLADA, 2038 Fourteenth St.

Post-Election Tasks — State University, Levee Board Action, County Health Study

As is the case in most elections, last week's results caused mixed emotions among Quad-Cityans.

Democratic partisans were pleased because their party captured the presidency, both houses of Congress, the governorship, most of the other state races, including that for U. S. Senator, and all Madison county offices. Republicans could take some joy in re-election of the Illinois secretary of state, retention of control of the Illinois senate and capture of the Illinois house, ending a Democratic majority there.

All could take pride in the record turnouts in the Quad-Cities, county, state and nation, for this reflected not only population gains but increased citizen response to the duty to vote. While party allegiance has its advantages, there also were indications that a great many people are willing to "cross over" to mark individuals they feel are the better candidates. This is fine, for it is primarily the man and not his party who fills each elective office.

The election result with the most direct impact on the Quad-Cities and the Illinois Metropolitan Area was passage of the state bond issue for university and mental hospital construction. A tribute to voters in overcoming a major handicap that had doomed previous bond proposals because of blank ballots, the heavy favorable vote revealed widespread recognition of the need. Dividends for this area will be establishment of a major four-year state university within the next several years and expansion of facilities at the Alton State Hospital.

Some tasks remain to be carried out. The narrow defeat of the Madison county health department proposal should encourage the Board of Supervisors to proceed promptly with its scheduled study to determine what health programs are needed. Also, Madison county will have no representation on the East Side Levee and Sanitary district board for another four years, the Illinois legislature should take action next year to require that future five-man boards include at least two members from this county.

Finally, it will be important that the General Assembly take advantage of the rapid progress already made by appropriating bond funds for the new university here as early as possible in 1961. The need is acute, and the quicker construction is started, the sooner the new school can open its doors to students.

Clearing House System Will Enable Christmas Aid To Do The Most Good

Sometimes so logical an idea is voiced that the main question is not whether it will be adopted but why it was not thought of before. Typical of this is the new Tri-Cities Christmas Clearing House Committee.

The basically simple plan calls for all organizations distributing Christmas food baskets to exchange information, with a master list to be maintained at the Salvation Army office. Purpose is to avoid duplication and at the same time aid all deserving families, some of whom might otherwise be missed.

There has been contact between the major welfare organizations, but the clearing house approach should be an improvement. All groups with holiday assistance programs for the needy can make sure their efforts do the most good by participating in the new system.

MISSIONARY UNION MEETS

The Women's Missionary Union of the Bethesda Baptist Church met at the home of Mrs. Sarah Stearns, 2557 Circle drive.

The meeting was called to order with prayer by Mrs. Ruby Ponder, president. The topic for the afternoon was "The Woman's Witness." Two birthdays were celebrated.

A pot luck lunch was served to Mesdames Minerva Johnson, Evelyn Hagler, Marjorie Vincent, Grace Smith, Lessee Sherrill, Cleo Gardner, Gertrude Bunkley, Carrie Fisher, Ruby Ponder, Arlene Smith, Katie Fitzhugh and daughter, Kathy, and Mrs. Ivy Sullivan.

A book study, "Across the Bridge," was completed by Mrs. Fitzhugh.

2 Events At Oldest Madison Church To Mark 66th Year

The First Presbyterian Church of Madison, first church to be established in Madison, will mark the 66th anniversary of its founding with services on Thursday evening, Nov. 17, and Sunday morning, Nov. 20.

Rev. Paul Stumph, pastor of the First Presbyterian Church of Arlington Heights, Ill., and moderator of the synod of Illinois of the United Presbyterian Church, will speak at a "spiritual banquet" planned for 7:30 p. m. Thursday at the church, Third street and Ewing avenue.

"This will be a great occasion for the people of this church," Rev. Howard Lucas, pastor commented in announcing the anniversary program. Entered Ministry From Madison

Not only is Dr. Stumph moderator of the Illinois synod and pastor of a great church for the past several years, but he is the son of this church. It was from the Madison church that he went to the ministry. His father, Rev. Louis Stumph, was pastor here from 1920 to 1924.

At the spiritual banquet, special music will be given by the church choir and by the choir from the nearest neighboring church, the Russian Eastern Orthodox Church, Rev. Lucas said.

The second of the anniversary services will be held at 11 a. m. Sunday, with Rev. Allen Schoff, Cooper Guest Speaker

At Christ Scientist Church

A talk on "Meeting and Solving Your Problems Through Christian Science" was presented here Friday evening by W. Norman Brown of Los Angeles, who spoke before members of the First Church of Christ, Scientist, 2556 Delmar avenue.

He was introduced by Mr. Frances Grofentef.

Cooper said "Divine Power is ever-available to help man meet and solve his problems. Whether a problem is spiritual, physical, individual or national, physical or financial, it can be rightly adjusted through spiritual understanding of God."

The speaker is a member of the Christian Science board of lecturership.

United Fund Drive Goal Again Attained In Less Than Month

For the second year in succession, \$290,000 has been contributed to the Quad-Cities United Fund, an expression of generosity and far-sightedness of which all can be proud. Also, for the second straight year, the goal has been attained in a period of less than a month.

Success of the campaign is reward enough for the hundreds who took part in the solicitation and the many thousands who contributed. Yet all merit recognition and praise from the community, for many areas are still working toward their UF goals and some will fail to reach them.

Special recognition goes to the drive chairman, James L. Hamilton jr., the vice-chairman, Sidney L. Aubrey, and their captains and workers. They would be the first to point out, of course, that their efforts to surpass the \$285,461 goal could not have been so well had not Quad-Cityans realized that adequate financial support is necessary in order for the vital work of the Fund's welfare and character-building agencies to continue.

When science proves new truths, they remain truths despite the fact that some people refuse to believe them.

Journalism School At New University Would Better Serve Needs of Students and Metro Area

The Press-Record was host last Wednesday to a group of journalism students from Southern Illinois University at Carbondale. Since then, it has become definite that the Universities' Bond Issue, which includes \$25 million for a new university at Sunset Hill, carried in the Nov. 8 election.

We now have a suggestion to the SIU Board of Trustees and the president, Delyte Morris. It is that the Department of Journalism be transferred and expanded—from Carbondale to the new university.

Aside from the fact that the SIU journalism department occupies a badly run down, world war II prefabricated barracks building at Carbondale, there are two excellent reasons, in our opinion, for the transfer.

First, this metropolitan area offers to the graduates a concentration of job opportunities, not only in the newspaper field but also in radio, television, advertising agencies, public relations, magazines, etc.

Second, for the undergraduate there also are greater opportunities for supplementary training and employment, both during the school year as well as in the summer vacation period.

If there are valid reasons against transferring the department, then, by all means, the new university should have its own full-scale journalism school. The need is here, and so is the opportunity.

As the employer of some SIU journalism students during past summer vacation periods, we are impressed with the calibre of their training. It could be much more effective — and productive for students and also for the communications industry to have them in this metropolitan area year-round.

What would great-grandmother think if she came back and saw all these canned goods?

Nature does her best to persuade mankind that this is a pleasant earth.

New Building Slumps, 8 Permits Last Week

New construction slumped in Granite City last week when only eight permits were issued by City Building Inspector Earl Bloomquist and City Clerk A. L. Stevens. The totals for the month now are — 18 permits with a total value of \$144,302.

One other permit was issued for razing a downtown office building at 1919 Edison avenue, recently acquired by Granite City Trust & Savings Bank for expansion of its drive-in and parking facilities. The two-story brick structure is to be torn down at a cost of \$400.

Largest of construction permits issued last week also went to the Trust & Savings Bank for an \$8000 alteration and remodeling project at the bank building, 1909 Edison avenue.

The only other commercial permit was for erection of a \$650 3x3-foot advertising sign at Gem Furniture store, N. and old road and Madison avenue.

Wesley E. Bishop was given a permit to locate a \$4950 house trailer on a vacant lot at 2401 Ohio avenue, and home improvement permits were issued to a St. Louis firm, \$2152 to install siding on a house at 2201 Benton street, and to Harvey Ebling, \$1500 for general repairs at 2413 West 24th street.

Three permits were issued for construction of private garages. They went to Howard Carlson, \$1450 for a garage at 3221 Carlson; Floyd Robey, \$1200 for a garage at 1704 Edison; and Earl Fronbarger, \$700 for a garage at 2425 Center street.

YOUTH OF THE MONTH, Miss Nancy Jones, 18, Granite City high school senior, has been singled out for this recognition by the Daybreak Optimist club.

Miss Jones Named 'Youth of Month'

A Granite City high school co-ed whose extra-curricular activities run a full gamut of sports, social and community services and writing has been named Youth of the Month by the Daybreak Optimist Club.

She is Nancy Jones, 18, daughter of Mr. and Mrs. Lawrence Jones, 1724 Brown avenue. A senior, Miss Jones is a member of the Junior Red Cross, of the Pep Club, the Girls' Athletic Association and the Phi Phi Pals High Club.

As an essayist, Miss Jones won top award in a pre-emption contest held by the Tri-Cities United Fund. Contestants were required to write on one of the several health, welfare and character building agencies aided and sustained by UF grants.

Miss Jones, on graduation, plans to enroll at Millikin college, Decatur, Ill., and will make teaching a career.

Monthly, the service club selects a Youth of the Month under a program calculated to focus the spotlight of attention and laudation on members of the upcoming generation who have distinguished themselves in beneficial activities and projects in the community.

YMCA Youth Candy Sale Goes Over \$1000 Goal

Local YMCA youth clubs topped a \$1000 goal during the one-day sale of candy for the World Service fund, preliminary reports showed today. The sale was held here Saturday, with youth club members offering boxes of chocolate candy for sale on nearly every street corner at \$1 per box.

Local collections become a part of the World Service fund, which is used to provide and supplement facilities for the youth of foreign countries. The funds are to be used to train YMCA staff members, build libraries, add to educational facilities and provide medical service. The fund-raising project is carried on throughout the nation once each year by YMCA's.

Clubs participating in the local candy sale were Alpha Toots, Alimca, Bontros, CXG, Chi Delta Chi, Ecoma, Fi Dele, Gamma Tau, Omicron Sigma, Pi Phi Pals, Quin Du, Rho Omicron, Sigma, Sigma Chi, Tau Omega, Xi Sigma, Delta Delta Delta, Alpha Beta Chi, Zeta Eta Theta, Pi Eta Phi, Delta Chi Delta, Gamma Y Pirates and Optimist Hawks.

Prices are to be awarded at a later date to the clubs selling the most candy.

Australians On Visit Note Many Contrasts

Mr. and Mrs. Ernest George Willey of Perth, West Australia, arrived in Granite City last week on an around-the-world tour. They are visiting Mrs. Willey's daughter, Mrs. Robert Karger, and her grandson, Gary Riese.

This was the first reunion of the mother and daughter since Mrs. Karger left Australia in 1947 as a war bride. Gary was then a two-year-old child, and he was "quite a surprise" to his grandmother now as a 15-year-old teenager.

The Willeys left Perth on Aug. 27 on the first leg of their tour and sailed to Bombay, India, where they observed conditions of extreme poverty at first hand and saw children being taught as children to learn the arts of begging.

Pass Through Suez Canal From India, they sailed to Aden, a seaport city of the Red Sea, and up to the Suez Canal to Port Said and into the Mediterranean Sea.

In Marseille they reported that visitors are not wanted, nor are they welcome. They next sailed to England and spent six weeks visiting and sightseeing. Describing it as a haven for world travelers, they enjoyed the historical sights of London and the excitement found in large cities of England.

They had the chance to see the royal pomp and ceremony reserved for visiting royalty when the queen of England greeted the king and queen of Nepal on their state visit.

Willey said the economies and politics of England are difficult to follow, but that crowded conditions prevail there as elsewhere in the world.

On Nov. 1 they arrived in New York City in the dead of night and spent four hours disembarking and going through customs. Upon completing the customs declarations, they could find no tax cab. A man standing near offered, for a fee, to contact a cab, but Willey called a policeman, who secured one for them at no fee.

New York "Crowded" Willey thought New York "terribly crowded," but better arranged than London, and Mrs. Willey commented that the women of New York are better dressed than London women.

She said that New York and American women in general are not as colorfully dressed as the English, tending more to muted greys and blacks instead of vivid reds and greens. More hats are worn here than in England, but not as many as are worn in Australia. She remarked that at Radio City Music Hall was one of the best she had heard and, being a concert pianist, she was prepared to hear much more jazz than she has.

When questioned about English and American television, the Willeys said that they were disappointed in English TV, as it does not have the variety they expected. West Australia has had TV for about a year only.

Election System "Crazy" Since the American election is less than a week old, the Willeys were asked what they thought of the election and Willey said, "I think the system is crazy." He added that from what he understood, an "appalling amount of money" was spent on the election and the people often are guided by the amount spent, being led rather than thinking for themselves.

There are no political appointments or aspirants in Australia, nor are the leaders selected or elected by the people, but the positions are given to those who are qualified by virtue of special training, he asserted. The people are governed by a governor, but if he changes the rest of the officer holders are not replaced just for party reasons, he noted.

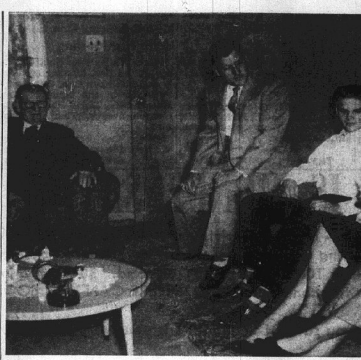

The food of the United States was a source of great wonder to Mrs. Willey, especially the ease of canned biscuits, the hot rolls ready to be eaten after a few minutes warming in an oven, fried chicken — it is all baked in Australia — hamburgers on buns and percolated coffee.

Amazed By Furnace They saw their first snow here, and the furnace of the Kargers amazed them. They have space heaters at home, and the temperature rarely goes below 40 degrees.

Mrs. Willey commented that the friends of the Kargers keep "ringing" to inquire about them and invite them out. They have not been to see any of the sights around the area due to a severe cold Mrs. Willey acquired in England, where she said it was continually raining.

Willey said that the standard of living here is much higher than elsewhere, and that the average worker seems to make twice as much money as do the workers in Australia.

He is a director of an engineering firm in Perth, and com-

Claims Truck Tire

A truck tire and wheel lost from a vehicle on the McKinley Bridge late last month were claimed at the Vanier police station Thursday by the truck owner, Virgil Collins, 2515 East 23rd street, who had been out of town.

Boys On School Roof; Others Throw Rocks, Eggs

Three complaints of vandalism were reported Saturday to Granite City police. About 3:45 p. m., a group of boys was chased off the roof at Logan grade school on West 25th street and sent home, and about 4:20 p. m., another group of boys was reprimanded for throwing rocks at the windows at a vacant house in the 2000 block of 13th street and then away from the house.

At 7:45 p. m., a complaint was received that eggs had been hurled at a house in the 2600 block of Cleveland blvd.

Crash On Highway

Involved in an accident about 3:30 a. m. Sunday at the intersection of State Routes 162 and 111 were auto drivers by Delores Stinnett, 27, of Alton and Gerald L. Kohn, 19, of St. Jacob. State troopers said no one was injured.

August Sales Tax Nets County \$14,100

Madison county will receive \$14,100 as the net amount due from collection of the half-cent county sales tax during August, according to a notice received last week by County Clerk Miss Eulalia Holz.

Grading receipts from collection of the county sales tax were \$15,006, with 6% of the sum having been deducted by the administrative expense.

Under a resolution adopted by the county board of supervisors in inaugurating the half-cent county sales tax, 60% of the monthly net receipts are being earmarked for construction of a county juvenile detention home and 40% goes toward improvements at the courthouse and county jail.

Youth Waves To Friend And Autos Collide

A youth who was waving to a friend while driving an auto and making a right turn off Madison avenue onto 26th street, was involved in an accident Saturday afternoon and was charged with making an improper turn.

He was David O. Paoli, 16, of 2517 Edison avenue, who posted his driver's license as bond. Police said he made the turn too wide while turning to go east on 26th street and collided with the westbound auto of Toney Doherty, 45, of 2800 Grand avenue, who stopped in an effort to avoid the crash. No injuries were listed.

Miller, Ruby Harper and Amy Toney, The December meeting will feature a pot luck supper at the church.

Mrs. Charles Pauly, sponsor for the Granite City Junior Service Club, entertained the club members at a party Saturday afternoon at the home of her daughter, Mrs. Lawrence Lindsey, 24 Briarcliff, Collinsville. She was assisted by Mrs. Lindsey, and by her sister, Mrs. Hazel Pfroeder.

A one o'clock dessert luncheon was served at small tables decorated with autumn flowers, and later there were games, the prizes going to Miss Virginia Judd, Miss Flora Mae Lenzing, Mrs. Maribeth McConnell, Mrs. Thelma Jacobson, Mrs. Mary Schaffner, Mrs. Melva Netzfager and Mrs. Olga McMurray.

Rebekah Lodge Initiates Three

Junia Rebekah Lodge 477 initiated three candidates Thursday evening. Two were recalled, he became members of Ann Rutledge, and one was taken into Junia Rebekah.

The charter was draped for Miss Sophia Bergman, a recently deceased member who would have observed 50 years as a member of the Lodge in a few months.

Final plans were made for a dinner and bazaar at the 100F hall Nov. 17 and the election of officers and celebration of October, November and December birthdays.

Mrs. Leona Spanberger, noble grand, presided at the meeting.

Isabell Hall Is Honored

Isabelle Ann Hall, daughter of Mr. and Mrs. Don J. Hall, 2415 Edison avenue, celebrated her eighth birthday at a party given by her parents Friday.

Present were Kathleen Nelson, Beverly Gehling, Rosemary Hubert, Diana Perkins, Marilyn Baecher, Mrs. Joseph Robbers, the guests of honor, her sister Margaret and her brothers, Joseph and James.

Refreshments were served and there were prizes and balloons for all.

Gabriel Shrine 78, OES, Honors Past Officers

There were remarks by Mrs. Ann Burnett, who served at the station of Worthy High Priestess for the evening, and is district chairman of the Material Objective; and Mrs. Florence Spohr, who was the first member of the shrine, who served as worthy chaplain. Mrs. Ida Caras, Worthy High Priestess and Arthur Talbot, Watchman of Shepherds, were host and hostess to the past officers.

After the meeting, a program was given. It opened with the song "Gods" sung by Emmet Carraher, and included a tap dance routine by Barbara Morrison, Sheila Tucker and Sandra Stallings, students of a local dance school, a chorus of community singing led by Mr. Carraher, a skit by Mrs. Nell Bakette and Mrs. Augusta McKissick, the story of the "First Thanksgiving" read by Miss Judy Carraher and in conclusion a birthday song written by Mrs. Guya Stuart and sung by Mr. Carraher honoring Mrs. Carraher, who was called to the stage while another chorus was sung. She was presented with a cake by her husband in honor of her approaching birthday.

The tables were decorated in keeping with Thanksgiving and the ladies were presented with Puritan caps, patterned after those worn by the Pilgrims. The men wore feather headresses. Approximately 150 persons attended the meeting and party.

Doris Hartman Is Honored

Mrs. Hilda Hartmann, 2205 Grand avenue, entertained guests at a dinner party Friday evening in honor of the 15th birthday of her daughter, Doris.

Those present were Mr. and Mrs. Louis Schaefer and son, Louis, Mr. and Mrs. Larry Schaefer, son, Wayne, Larry daughter, Linda, of Troy, Mr. and Mrs. Earl Hanratty, daughter, Linda.

318 On Venice Township Relief, Costs Show Drop

Relief costs in Venice township continued to drop during October, totaling \$8945 for the month, a report by Supervisor Arthur W. Moore showed today. The October figure compares with \$8446 in September and \$8571 in August. In October 1950, expenditures totaled \$11,753.

Moore listed October aid to 104 families composed of 318 persons in the local area, plus two individuals at the Madison county nursing home. This was an increase of a five member family and one person at the nursing home.

A comparison with October 1949 reveals that the township gave relief assistance to one family home resident and 105 families consisting of 318 people. Disbursements in October increased the calendar year total to \$89,453. For the first seven months of the 1950 fiscal year, the total is \$88,061 and the monthly average \$8823.

Collinsville and Highland will attend the meeting. There will be reports given and new officers elected.

Miss Billie Hart entertained a group of guests at a delightfully appointed evening bridge party Saturday. The party was held at the home of the hostess, 2148 Twenty-fourth street, and those present were Mr. and Mrs. J. B. Bott, Alton, Mr. and Mrs. William Buerle, Mr. and Mrs. Coleston, Miss Helen Boswick, Robert Walters and Darrell Henry. High scores for the evening were held by Mr. and Mrs. Bott. A late supper followed the bridge games.

King Neptune will take part in the annual holiday show of the Promus club, held by given 16 at the YMCA. There will be a swimming exhibition and King Neptune will pronounce his annual blessing on the pool. Mrs. Edith Curtright, YMCA swim instructor, will have in charge of the exhibit and will be assisted by Miss Leona Rasche. YMCA members who will take part are Sue Wilson, King Neptune; Melba Theis, Jewel Brandt, June Skipper, Anna Lois Becklein, Dorothy Breckenridge, Marjorie Smith, Lorraine Simpson, Edna Stone, Helen Lookhart, Judy Krohne, Betty and Norman Brownfield, Ruth Griffin, Julia Herr, Thelma Williams, Schaefer, Irene Vasiloff, Mary Grace, Elaine Bell, Ruth Cesse, Marjorie Vanbiber, Dave Walker, Dorothy Rittenberger, Rheta Petri, Dorothy Groves, Thelma Lee Hoggett, Betty Huxel, Anna Marie Jones, Christine Baechtold, Elsie Gregory, Lois McManis, Theresa Lene, Francis Gilbert, Betty Guier and Francis Johnston.

The birthday anniversary of their president, Mrs. A. M. Jacob, was the occasion for a delightful party given by members of the Women's Council of the First Christian Church last Thursday afternoon following the regular weekly dinner served at the church by the ladies.

At the regular monthly meeting of the Granite City Library Board last Friday evening, Mrs. Olive Belle Stallings recounted some of her impressions of a meeting of the Illinois Library Association at Rockford. She brought the word that the local library will receive \$1875 from the state for new books this year and probably a slightly larger sum than that for next year. This caused some of the members to calculate that the total number of volumes by that time will be at least 20,000, members to calculate that there are Messers. Larner, Seago Thompson, Pugh, Kerchoff, Haven, West and Campbell and Miss Pick. They have set a goal of 20,000 volumes and 20,000 patrons.

Ernest Ell, William Anson and George Pierce were among those from this city who attended the Homecoming Day game Saturday at the University of Illinois.

A discussion was held on handicraft, and refreshments were served to Mrs. Betty Turner, Mrs. Pat Vitale, Mrs. Eleanor Casy and Mrs. Ruth Cook.

A hospital committee meeting was held Friday in the home of Mrs. Donna Kagy, 3008 Willow avenue.

Name tags were made for the open house at the Wilson school on Thursday. Others taking part were Mesdames Nancy Ford, Gwend Mayford and Beverly Singleton.

Pupils Making Survey Of Job Opportunities

Cities students at Granite City high school currently are conducting a survey of beginning 22 years of age in the local area. Al Lewis, teacher, has reported.

Marilyn Greenlee is serving as chairman, and committee members are Judy Bertrand, Linda Harper, Willis Bowers, Carole Meyer, David Moss, Donald McElroy and Diane Love. Reports are to be completed by Jan. 14.

Objectives are to learn about the community's resources; to become familiar with employment possibilities in the community; and to gain experience from a cooperative effort, in which the students work together and make plans to solve a problem, Lewis said.

In making the survey, students are asking major employers to list their products, average number of employees, average number hired each year, types and number of workers under the age of 22, traits looked for in prospective employees and job requirements from the aspects of age, sex, education, necessary experience, beginning pay and advancement opportunities.

Truck, Auto Collide, Gasoline Is Spilled

Madison firemen were called to wash away gasoline that spilled on the street at 1237 Madison, avenue at 2:27 p.m. Thursday from a ton-and-a-half fuel oil truck involved in a collision there.

Driven by Earl Lewis, 55, Rural Route One, the truck was backing out of the driveway of a garage at the Madison avenue address and collided with the right rear fender and bumper of the southbound auto of Wanda L. Brethold, 2833 Edgewood avenue.

Birthrate Down, Deaths Up; 10-Month Statistics Show

For the first 10 months of 1960, births in the Quad-City area numbered 1125, just four short of the comparable figure for 1959.

However, tabulations disclosed the 10-month death rate had increased.

In a compilation of October vital statistics for Granite City, Madison and Venice, and Nameed and Chouteau townships, Granite City Clerk A. L. Stevens today supplied the following figures:

Births, 120; stillbirths, 1; deaths, 29.

This brings the 10-month total to 1125 births; 16 stillbirths and 331 deaths.

At the end of October 1959, vital statistics for the district covered by Stevens' tabulation stood:

Births, 1129; stillbirths, 13; deaths, 299.

For 1959, the final stood at births, 1361; stillbirths, 15 and deaths, 363.

Taking 65,000 as an approximation of the population of the three municipalities and the surrounding three townships, the area birthrate ranges between 20 to 22 per 1000 population.

The deathrate, using the same tables, fluctuates between 5.6 to 6.1 per thousand of population.

Area birthrate appears quite stable. For the first 10 months of 1957 it was 1229; for 1958, 1220; in 1959 it was 1137 and in 1954, 1131.

Looking back over 1960's mortality tables, largest number of deaths, 41, was reported in February, with 38 in August; 36 each in January and June, and 29 each in September and October, follows for the period.

Winter's 1st 'Victim' Injured In Fall On Ice

Mrs. Lela Whittington, 3317 Washington avenue, may have the unsought distinction of being the first victim of winter's "victim."

The 49-year-old Granite City woman fell on the ice last week and fractured two ribs.

At St. Elizabeth Hospital emergency ward, she was x-rayed and treated Thursday and released. She is the wife of Wilson Whittington.

Hospital records show that a "buttery" nature was applied to the lower lip and chin.

Shippert, 638 Chouteau road, the two-year-old cut his lip when he struck his head against the dashboard panel of a car Thursday afternoon.

Mental Health Board Leaves Fees Unchanged

Service charges and patients' fees were discussed and reviewed, but no action taken looking to any changes in the present rate schedules at Thursday night meeting here of directors of the Madison County Mental Health society.

It was reported following the meeting that there are groups in the county that have approached the board about setting an income ceiling for indigent patients seeking assistance.

Financial aid is available without charge to the indigent and is prorated basis for those with income.

The society operates the mental health clinic at Granite City and at Alton.

According to Mrs. Jo Crouch, psychologist in charge of the Quad-City center, it appeared the consensus of board opinion that no fee revision was indicated.

"From the discussions," Mrs. Crouch told, "it appeared board members liked the fee schedule and the way they are. The fees and charges made to patients have been under study."

Fourteen members of the mental health board attended and received an October report showing that the Granite City office had gained 26 "clients" during the past month.

At the beginning of October, the clinic had a total of 121 persons on its active client rolls; and at the end of last month, this figure rose to 146.

The centers for treatment of mental disturbances and providing out-patient service are supported by grants from the Tri-Cities United Fund and by state appropriations.

Autos Collide On 20th Street At Iowa Street

Involved in an accident on 20th street near the Iowa street intersection Thursday afternoon were autos driven by Roy W. Rhoads, 29, of Alton and Andrew McMillan, 52, of 2008 Cottage avenue. No injuries were noted.

Police said Rhoads was traveling west on 20th street as McMillan was driving away from the curb. There was damage to the right side of Rhoads' auto.

Annual Venice Christmas Treat Program Begins

Letters have been sent to the Venice police department asking organizations and business firms to assist in the department's annual Christmas treat program.

Chief Robert M. Trower reports today:

Funds raised from the solicitation will be used to purchase candy and fruit for presentation to children in Venice immediately before Christmas.

Last year, over 3400 packages were presented, with those not given out locally being taken to the Madison county nursing home, Maryville orphanage and St. Joseph's orphanage in Alton.

The tradition is believed to be the oldest in the Quad-Cities, dating back to the early years in which the Dr. John E. Lee sr. was mayor. His son, Dr. John E. Lee jr., is the present mayor.

Participating congregations are those of St. Mary's in Venice, St. Mary's of Madison, and St. Elizabeth's in Granite City.

The 1960 fall clothing campaign is under the supervision of the direction of the Rev. Mr. William J. Cassin of the Springfield, Ill., diocese.

Contributors are asked to bring their gifts of clothing to their home parishes where committees will receive, sort, crate and ship all items received.

For the needy of many countries and continents, the Bishop's Thanksgiving Clothing Collection has been set up to supply clothing needs. Distribution is through the Catholic Relief Services-National Catholic Welfare Conference.

Depot for collection will be set up by the individual Catholic churches throughout Thanksgiving week, Nov. 20-26.

Any type of useable wearing material is acceptable for overseas relief. Much is needed it was explained.

Announcements of the Thanksgiving Week campaign will be made in the five churches, along with instructions as to where to bring the gift items.

Auto Hits Open Door Of Parked Car

A motorist escaped injury Thursday afternoon when he opened the left front door of his parked auto in the 1900 block of Delmar and it was struck by a passing auto.

Police said Manuel C. Jones, 36, of 129 Briarcliff was operator of the parked car, while the passing auto was being driven by Maynard B. Williams, 41, of 1937 Benton street. The report shows the open door on the Jones' auto was struck by the right front fender of Williams' auto.

Optimists On Hand To 'Meet Mr. Lincoln'

Nonday Optimists were privileged Thursday to "Meet Mr. Lincoln," a filmization of the life of the Great Emancipator.

Compiled from these sources as a documentary, the 30-minute biography was shown 36 service club at the noon luncheon at the Elks Lodge.

In "Meet Mr. Lincoln," Optimists saw pictorial accounts of the president's departure from Springfield, Civil War battlefields and sketches recounting his assassination.

Likewise presented was a novel account of the recent testimonial dinner given here for "Sally" Parker, former Granite City woman who is third base coach for the San Francisco Giants.

The Lincoln film, it was explained, was made originally for television presentation. The old photos and other material came from the files of the Lincoln Life Insurance Co., one of the famed collectors of Lincolniana.

Charges Filed After Crash On Highway 67a

Two charges were filed against a Venice motorist following an accident Friday morning on U.S. Highway 67a between Madison and East St. Louis, about two miles north of the junction with Highway 40.

Jerry Gray, 29, of 210 Broadway was charged by state troopers with leaving the scene of an accident and driving in the wrong lane. The report shows he was arrested near Eagle Park.

Witnesses told troopers Gray was driving north and his auto sideswiped a southbound auto driven by John A. Baker, 44, of 2530 Jerden avenue. No injuries were reported.

A Message From Bernard S. Miller, R. Ph.

WHY PRESCRIPTIONS ARE BARGAINS: In this election year some political headline hunters are implying medicines are overpriced. Can this be true?

WHAT PRICE THESE RESULTS? Mostoid operations almost unknown. Maternal Mortality greatly reduced. Polio and Tuberculosis lessening every year. Our life span longer. And, millions of people now alive because of modern prescription medicines.

WHAT ABOUT RHEUMATISM? For a long time, taken for only seven days, almost always reduces the heart complication and lessens sickness time. Result is less permanent invalids. Cost of medicine about \$25, but isn't that a bargain?

AVERAGE PRESCRIPTION COSTS \$3.10. Six out of every 10 filled cost less. About one out of every 7 costs more than \$5 and only one out of 65 filled in 1959 cost more than \$10.

PHARMACY IS PROUD OF RECORD. We will continue to dispense the exact medicine physicians prescribe and keep our prices as low as the operation of a good pharmacy permits.

Venice Pupils To Sing At C. of C. Meeting

A special feature of tomorrow evening's annual meeting of the Tri-Cities Chamber of Commerce will be a 12-minute program of vocal music by a group of Venice school students under the direction of Miss Alice Purdes.

It was announced today by B. C. "Tip" O'Neill, program chairman. Principal speaker will be Dr. Demetri B. Shinkin of the University of Illinois, an authority on Soviet affairs, whose topic will be "Russia's Role in the World today."

The 20th anniversary of the organization also will be observed at the dinner meeting with B. E. Hohl, the first president, introducing past presidents. The past presidents and their wives will be seated at a special table.

Samuel L. Meyer, immediate past president, will be toastmaster, and an outline of the C. of C. activities for its 21st year will be given by the new president, Paul H. Lichtenberger.

There will be an installation ceremony for the new officers.

Cub Scouts Meet To Plan Christmas Play

Den One of Cub Scout Pack Eight, sponsored by the First Presbyterian Church, met Wednesday evening with the leader, Mrs. Mary Fritz, to make plans for a December pack meeting play.

Mrs. Fritz was assisted by Mrs. Benah Johnson, as the boys opened the meeting by repeating the Cub pledge and promise.

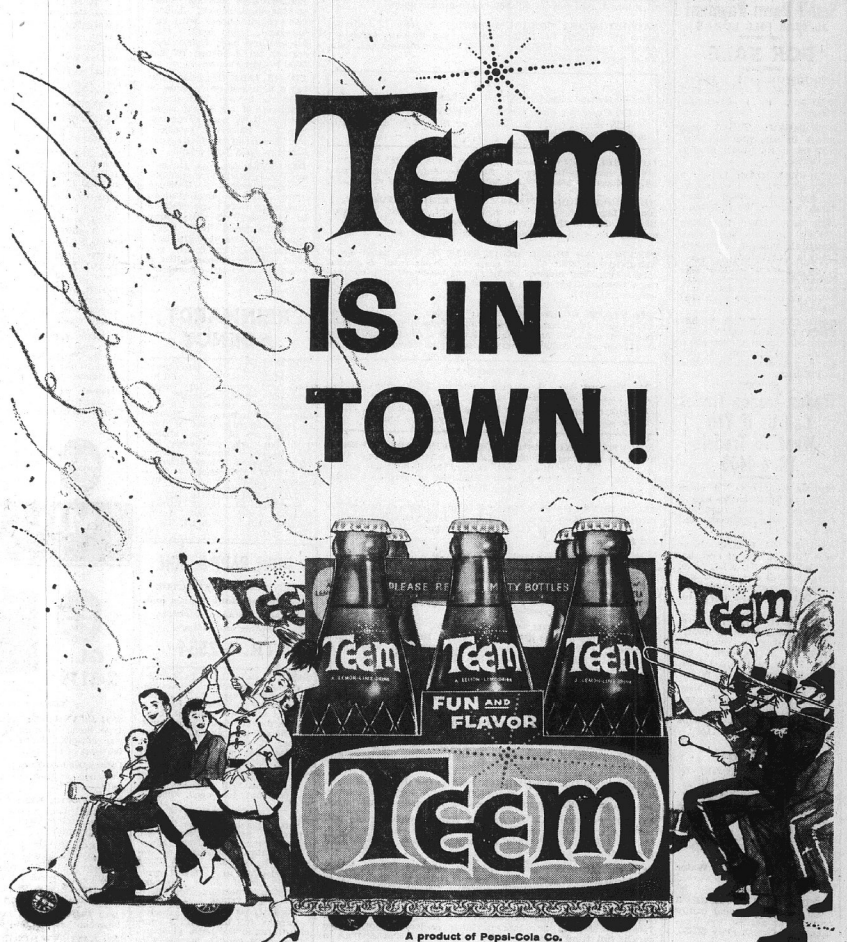

Refreshments were served to Danny Dodge, David Morgan, Dennis Reuthech, Roger Fritz, John Fritz, and Eric Johnson.

The meeting closed with the great bow! from the Akela ceremony.

Arrest Ticket

Gen. G. Stagner, 19, of 1920 Beckwith street, Madison, was issued an arrest ticket Friday morning at East 27th and Henry streets by Granite City police who charged him with reckless driving. He posted his driver's license as bond.

for giving in excess of their subscriptions and pledges of a year ago.

The roll, based on reports tabulated on Nov. 4, may be added to when all outstanding pledges and subscriptions are tallied.

However, in making public the roster of those who gave more to this year's drive than last, and the percentage of their increase in giving, Campaign Chairman Hamilton noted:

"At the risk of leaving out a few who also deserve our plaudits, I still want to spotlight some of the outstanding results and increased giving in this campaign."

"Honor Roll" List

Here's the list as released by the UF headquarters:

Lacide Steel Co., corporation and employees, 50%; increase, A. O. Smith Co., employees, 5.8%; Granite City Steel Co., corporation and employees, 5%; Union Star and Refining Co., employees, 12.5%; M & M Machine and Gear Shop employees, a whopping 362.9%; Wagner Bottling Co., employees, 34.2%; G. H. Sternberg Co., employees, 30.6%.

Illinois Power Co., employees, 4.1%; Southwestern Bell Telephone Co., employees, 6.7%; Union Electric Co., employees, 55%; Terminal Railroad Association employees, 13.2%; Frigidaire Chamber of Commerce employees, 47%; Farrington Motors employees, a hefty 125%.

Metropolitan Life Insurance Co., employees, 19.8%; Associated Retailers and Civic Association employees, 51.7%; Granite City Trust & Savings bank employees, 1.8%; First Granite City Savings & Loan Association employees, 20.7%.

Washington Theatre employees 9%; Woodmore Oldsmobile Co. employees 150%; American National Bank employees, 43.3%; Granite City municipal employees, 24.6%.

Madison municipal employees, 10.4%; Venice municipal employees, 20.4%; Madison schools employees, 8%; Venice schools employees, 37.2%.

Boy Scout Council employees, 27.8%; Granite City Postal employees, 34.4%; YMCA employees, 26.1%.

Divisional "Champs"

The tabulations as of Nov. 4, disclosed several "champs" as regards raising money for the drive. These divisional captains and the sums set opposite their names, are:

Harmon Feigenbaum, captain of continuous giving (30 Minute Clubs) section of the employees division, brought in \$104,265.

James Macdonald and G. W. Hoelscher, co-captains of the industry division, are credited with \$92,325; Charles Meyer, utilities \$229; Carl Lomas, contractors, \$10,595; William Brooks, small industry, \$8430; professional, Dr. Felicia D. Koch, \$2085, and Dr. Harold M. Kaiser, schools, \$4415.

Farm Column

By THOMAS W. MAY

Madison County Farm Adviser

Shipping fever—hemorrhagic septicaemia—is one of the most troublesome fall and winter problems of cattle raisers, states M. R. "Suede" Johnson, Illinois Farm Bureau Serum Association general manager. Veterinarians of the county say that many farmers report trouble from this disease.

Shipping fever costs more than \$25 million loss annually in cattle, plus additional losses of swine and sheep. Symptoms include weakness, fever, coughing, chills, reduced appetite and watery discharge from the eyes and nose.

Usually, shipping fever strikes young animals. But it can affect animals of all ages. Cattle seem to build immunity with age, to some extent.

With this disease, the best bet is prevention. Bacteria should be given to animals prior to shipment or to animals present in a herd where new animals are to arrive. Such vaccination should be given at least ten days prior to the arrival of the new animals.

Additional preventive steps include: Ship animals with as little disturbance and overcrowding as possible. Avoid letting animals in shipment go for long periods of time without feed and water. After reaching their destination, animals should be handled as little as possible.

This disease runs a very rapid course, and treatment should be started immediately upon noticing symptoms.

The farm—generally regarded as a symbol of serenity and safety—has been the scene of a number of accidents in the past few years. This is due to the fact that many new animals are being shipped to the farm, and the animals are often crowded together in the barns.

The accident problem on the farm, said Coe, "is complicated by the fact that farm residents seem to share the feeling that rural living is beyond the reach of accidents."

"Actually, agriculture has a tremendous responsibility for making itself as safe as other industries."

Records of the Council, he said, show that approximately one out of every four workers killed while at work dies in a farm accident. Farming claims four times as many victims annually as manufacturing.

Fall is the best time to plant evergreen shrubs. Shrubs planted during the fall develop good root systems before spring. The soil is also drier during the fall and consequently easier to work.

Whatever evergreen you choose, make sure the roots are balled and burlapped to reduce shock to the shrubs during transplanting. After buying shrubs, plant them immediately.

Give the new shrub plenty of water. In fact, fill the hole with water once or twice while planting. Do not, however, fertilize. Fertilizer stimulates fall growth.

THANKSGIVING MEETING

OF MOTHERS STUDY CLUB

The Thanksgiving meeting of the Mothers Study Club was held Thursday evening in the home of Mrs. Peggy Crnkovich, 1802 Market.

Roll call was responded to with each member giving her favorite recipe used at Thanksgiving time.

A quotation was given by Mrs. Deloris Harizel, after which a short business meeting was held.

A contest was held, with Mrs. Harizel, Mrs. Margaret MacZura and Mrs. Harolind Ross as judges. Prizes were awarded for the contest.

The group enjoyed exchanging gifts in observance of Thanksgiving. A Hawaiian theme was carried out in the decorations and luncheon. Each member was presented with a chrysanthemum which was worn in her hair during the evening.

A centerpiece that adorned the table was made of pineapples surrounded with geraniums. Mrs. Harizel, Mrs. MacZura, Mrs. Ross, Mrs. Dorothy Briddle, Mrs. Helen A. McGarrhan, Mrs. Marie Planitz, Mrs. Marian Ropac, Mrs. Mary Lou Allen and two guests, Mrs. Lucille Podnar and Mrs. Josephine Kline.

The Mothers Study Club met Wednesday evening with Mrs. Mary Adams, 1914 Harvard, as hostess. The evening was spent in a social hour, holding winners' scores, and receiving prizes were Mrs. Catherine Backlund, Mrs. Elvira Stagner, Dorothy Smith, Mary Allen, Mary Adams, Elsie May, June Barham and Lucille Broyles.

An exchange of Thanksgiving gifts among the secretaries will take place at the next meeting in the home of Mrs. Stagner.

that cold weather can severely damage.

Fall-planted shrubs do not require much pruning. But a little trimming to maintain their natural shape will make them look neater.

Shrubs do not need mulching. They can develop a good root system without the protection that mulches offer. Mulching will, however, help control weeds next summer.

Don't waste money on expensive mineral supplements if a simple mixture of vitamins and minerals will do the job. Livestock specialists point out that the minimum of 2 vitamins and 10 minerals is all that is still highly recommended.

Farmers recently completing conservation improvements in cooperation with the Soil Conservation Service include Albert Brandt, grass waterways; Charles Pfister, farm pond; Dale Naeel, erosion control structure; and grass waterways; Joe Madsen, farm pond; Emil Korschneyer, drainage ditch; Earl Frey, diversion terrace; A. L. Carter, dugout pond; Glenn Zuber, drainage ditch; Wm. E. Rueter, pond; Henry Bachman, pond and Steve Pejajovic, erosion control structure.

Most of the suggested uses of tranquilizers in beef cattle are of little or no benefit, and on occasion they may even be harmful.

Madison county representatives at a farm-city conference at St. Louis this month will be Mr. and Mrs. Milton Hill, Mr. and Mrs. Charles E. Kreyel, Mr. and Mrs. Victor Becker and Mr. and Mrs. Robert Bertels. They will represent the county agricultural and home economics extension councils. The conference is held by the Chamber of Commerce of Metropolitan St. Louis.

More than 210 Illinois farmers last year disproved the theory that "it can't happen to me." They were killed or seriously injured by their own corn pickers.

The annual winter meeting of Madison county cooperators in the Lincoln Farm Bureau Farm Management Service will be held the afternoon of Dec. 7 at the Farm Bureau building at Edwardsville.

The ten highest-producing herds in Madison county on dairy herd improvement association testing for the last month of completed records were owned by Arthur Braundmeier, Harold Baumann, Waldo Keilbach, Eugene Meffert, Harold Klenz, William Heepke and Son, Vernon Warnecke, Elmer Ksiele, Walter Sievers and Norman E. Henke. The average production for the Braundmeier herd was 128 pounds butterfat and 35.3 pounds milk per day.

New mixtures of chemical nutrients developed at the University of Illinois have enabled chicks to grow three times faster than ever before.

This seems incredible, but the trouble with all previous such ration was simply this: The chicks don't like them. So they don't eat nearly as much as they could.

How did the researchers tempt them to eat their fill? The clue came from basic research on the nutritional needs of the chick. They discovered that previous high-energy rations for chicks did not contain adequate quantities of the essential amino acids in the right proportions. Amino acids are the "building blocks" of protein. They found that the chicks did best on a diet containing about 25 per cent protein, not 20 per cent as previously thought.

LITERARY CLUB PLANS

FOR CHRISTMAS MEETING

The Madison Literary Club met Friday evening in the home of Miss Ellen Folmer, 2648 East 57th street. Mrs. D. S. Revelle presided over the business session.

Roll call was responded to with each member giving her favorite recipe used at Thanksgiving time.

A quotation was given by Mrs. Deloris Harizel, after which a short business meeting was held.

A contest was held, with Mrs. Harizel, Mrs. Margaret MacZura and Mrs. Harolind Ross as judges. Prizes were awarded for the contest.

The group enjoyed exchanging gifts in observance of Thanksgiving. A Hawaiian theme was carried out in the decorations and luncheon. Each member was presented with a chrysanthemum which was worn in her hair during the evening.

A centerpiece that adorned the table was made of pineapples surrounded with geraniums. Mrs. Harizel, Mrs. MacZura, Mrs. Ross, Mrs. Dorothy Briddle, Mrs. Helen A. McGarrhan, Mrs. Marie Planitz, Mrs. Marian Ropac, Mrs. Mary Lou Allen and two guests, Mrs. Lucille Podnar and Mrs. Josephine Kline.

An exchange of Thanksgiving gifts among the secretaries will take place at the next meeting in the home of Mrs. Stagner.

that cold weather can severely damage.

Fall-planted shrubs do not require much pruning. But a little trimming to maintain their natural shape will make them look neater.

Shrubs do not need mulching. They can develop a good root system without the protection that mulches offer. Mulching will, however, help control weeds next summer.

Don't waste money on expensive mineral supplements if a simple mixture of vitamins and minerals will do the job. Livestock specialists point out that the minimum of 2 vitamins and 10 minerals is all that is still highly recommended.

More than 210 Illinois farmers last year disproved the theory that "it can't happen to me." They were killed or seriously injured by their own corn pickers.

The annual winter meeting of Madison county cooperators in the Lincoln Farm Bureau Farm Management Service will be held the afternoon of Dec. 7 at the Farm Bureau building at Edwardsville.

The ten highest-producing herds in Madison county on dairy herd improvement association testing for the last month of completed records were owned by Arthur Braundmeier, Harold Baumann, Waldo Keilbach, Eugene Meffert, Harold Klenz, William Heepke and Son, Vernon Warnecke, Elmer Ksiele, Walter Sievers and Norman E. Henke. The average production for the Braundmeier herd was 128 pounds butterfat and 35.3 pounds milk per day.

New mixtures of chemical nutrients developed at the University of Illinois have enabled chicks to grow three times faster than ever before.

This seems incredible, but the trouble with all previous such ration was simply this: The chicks don't like them. So they don't eat nearly as much as they could.

How did the researchers tempt them to eat their fill? The clue came from basic research on the nutritional needs of the chick. They discovered that previous high-energy rations for chicks did not contain adequate quantities of the essential amino acids in the right proportions. Amino acids are the "building blocks" of protein. They found that the chicks did best on a diet containing about 25 per cent protein, not 20 per cent as previously thought.

open house of the new Harris school, at which time refreshments will be served.

Plans were made for the Christmas party to be held on the regular meeting night, with an exchange of gifts. Mrs. Catherine O'Neil was named chairman of the committee to make further arrangements for the party.

A pot luck supper will be held at the party in the lunch room of the Harris school, and each member attending is to bring a \$1 gift and a covered dish.

At the conclusion of the meeting, the hostesses, Mrs. Ellen Weidner, Mrs. Bernadine Weidner, Mrs. Flora Morgan, Mrs. Lucille Mossa and Mrs. Delores Gusho served refreshments to those present.

Mrs. Treffie Cox was reinstated as a club member. Mrs. Cox had resigned while teaching in Troy. She is now the Madison librarian.

Plans were made for the next meeting which will be the Christmas meeting and names were drawn for a gift exchange. The meeting will be held in the home of Miss Nelle Carr, on Dec. 15.
